(2) The Council may at any time revoke any such affiliation, recognition, admission, or acceptance.

Financial Provisions

promotion of any particular branch of science or learning, shall be applied strictly by the Council accordingly.

40. APPLICATION OF INCOME AND CAPITAL OF UNIVERSITY—(1) Subject to the provisions of this Act and any other Act and to the terms of any trust or endowment, the income and capital of the University shall be applied in doing whatever the Council thinks expedient in order that the University may best accomplish the purposes for which it is established.

(2) Without limiting the generality of the foregoing provisions of this section it is hereby declared that the Council may from time to time, out of income which may be applied in accordance with those provisions, create, maintain, and add to a fund or funds for any one or more of the purposes for which that income may be applied.

41. MONEY TO BE PAID INTO BANK—(1) All money received by the University amounting to ten pounds and upwards shall, as soon as practicable after it has come into the hands of the proper officer of the University, be paid into such bank account or accounts of the University as the Council from time to time determines.

(2) No such money shall be withdrawn from the bank except by authority of the Council and by cheque signed by an officer of the University approved by the Council, and countersigned by a member of the Council, or by another officer of the University, approved by the Council:

Provided that it shall be lawful, with the prior consent in writing of the Audit Office and subject to such conditions as the Audit Office prescribes, for any money to be paid by the Council by cheque issued by means of a cheque-writing machine, and every such cheque issued by means of such a machine and bearing a facsimile of the signatures of the persons authorised pursuant to the pro-

LOAN MONEY TO BE PAID INTO A SEPARATE ACCOUNT—All money borrowed by the Council on behalf of or for the purposes of the University, other than money borrowed under section 52 of this Act, shall be paid into a separate bank account in the name of the loan, and shall not be drawn out of the bank or expended except for the special purposes for which it was borrowed.

43. INVESTMENT OF MONEY—Subject to the terms of any trust or endowment, any money belonging to or vested in the University and available for investment may be invested in accordance with the provisions of the Trustee Act 1956 as to the investment of trust funds, or in such other manner as the Minister of Finance from time to time approves.

44. PROVISION FOR COMMON FUND INVESTMENT—(1) The Council may at any time, if it thinks fit, establish the following funds and account:

- (a) A Common Fund to be known as the Victoria University of Wellington Common Fund:
- (b) A Reserve Fund to be known as the Victoria University of Wellington Common Fund Reserve Fund:
- (c) A Common Fund Income Account to be known as the Victoria University of Wellington Common Fund Income Account.

(2) Subject to the provisions of this section, if the Council has established the said funds and account, it may invest any trust funds in its possession, whether at the time in a state of investment or not, whether they came into its possession before or after the commencement of this Act, and whether they comprise the whole or part of the trust estate to which they belong, either—

- (a) On a separate account in respect of the trust estate to which the funds belong; or
 - (b) If the funds are not directed to be invested in some other specified manner, and investment in the said Common Fund is not inconsistent with the terms of the trust instrument (if any) governing the funds, as part of the said Common Fund.
- (3) All funds forming part of the said Common Fund shall be invested in the manner required by section 43 of this Act.

(4) Where any funds of a trust estate are in the possession of the Council and are lawfully invested in any investment in which the said Common Fund may be invested as aforesaid, then, if in accordance with paragraph (b) of subsection (2) of this section the funds could be invested as part of the said Common Fund, the Council may transfer that investment to the said Common Fund and give credit in that Fund to the trust estate for such amount as it considers proper, having regard to its duty to be fair to all those interested in the said Common Fund and to those beneficially interested in the capital and income of the trust estate to which the investment belongs. Upon any investment being so transferred it shall cease to form part of the trust estate to which it formerly belonged.

(5) Investments made from funds forming part of the said Common Fund shall not be made on account of or belong to any particular trust estate, but the Council shall cause to be kept an account showing at all times the entitlement of each trust estate in the said Common Fund.

(6) All income derived from the said Common Fund and from the investments and money included therein shall be paid into the said Common Fund Income Account.

(7) In each year interest on the amount of the entitle-

ment of each trust estate in the said Common Fund shall be transferred from the said Common Fund Income Account and credited to that trust estate at such uniform rate as may from time to time be determined by the Council:

Provided that in no case shall the rate so determined be lower than one-half per cent below the rate which would be so paid if all the income paid into the said Common Fund Income Account in that year was so transferred.

(8) The Council shall also each year pay into the said Reserve Fund—

(a) All income in the said Common Fund Income Account which is not transferred to any trust estate in that year in accordance with subsection (7) of this section:

(9) The funds forming part of the said Reserve Fund shall be kept separate from all other trust funds, and shall be invested in the manner authorised by section 43 of this Act.

(10) All income paid into the said Reserve Fund as aforesaid, and all income derived from the said Reserve Fund and from the investments and money included therein shall be applied as the Council thinks fit in any one or more of the following ways:

(a) Towards augmenting the capital of the said Reserve Fund:

(b) Towards stabilising or increasing the income of the said Common Fund:

(c) Towards reinstating any losses of capital in the said Common Fund.

(11) The capital of the said Reserve Fund may, if

the Council thinks fit, be applied in reinstating any losses of capital in the said Common Fund.

(12) The Council may at its discretion at any time withdraw from the said Common Fund any amount for the time being to the credit of any trust estate in the said Common Fund; and where any amount is being so withdrawn—

(a) If the capital of the said Reserve Fund has increased while the said amount was in the said Common Fund, the Council shall pay out of the said Reserve Fund and add to the amount so withdrawn, as capital, such amount (if any) as it considers equitable having regard to the length of the period during which the amount was in the said Common Fund and to the proportion which the said amount bears to the average amount of the total assets of the said Common Fund during that period:

(b) If losses of capital in the said Common Fund have occurred during the said period, then, so far as those losses have not been reinstated and cannot be reinstated from the amount in the said Reserve Fund at the time of the withdrawal, that amount shall bear its proportion of those losses, as determined by the Council, and the amount being so withdrawn shall abate accordingly.

45. TRAVELLING ALLOWANCES AND EXPENSES OF MEMBERS OF COUNCIL—(1) The Council may pay to each of its members travelling allowances and expenses; and, in respect of travel in New Zealand, those allowances and expenses shall not exceed those payable in accordance with the Fees and Travelling Allowances Act 1951, and the provisions of that Act shall apply accordingly.

47. UNAUTHORISED EXPENDITURE OF COUNCIL—The Council may in any financial year of the University expend out of the general fund of the University for purposes not authorised by any law for the time being in force any sum or sums not exceeding in the aggregate a one-thousandth part of the revenue of the University from all sources for the immediately preceding financial year.

48. COUNCIL TO PRESCRIBE FEES—There shall be payable by the students of the University or any of them such fees as the Council from time to time prescribes:

51. POWERS OF COUNCIL IN RESPECT OF PROPERTY—(1) Without limiting or in any way affecting any other powers conferred upon the Council by this Act or any other Act or by law, it is hereby declared that, subject to the provisions of this section, the Council may do all or any of the following things on behalf of and for the purposes of the University, namely:

- (a) Establish, build, maintain, repair, add to, alter, rebuild, reinstate, conduct, manage, and control halls of residence for students, professors, and other academic staff, and houses for professors and other academic staff and any other of its employees whatsoever, and buildings and rooms and other facilities for the recreation or social use of students, professors, academic staff, and other employees:

declared to be a leasing authority within the meaning of the Public Bodies' Leases Act 1908:

(a) In its absolute discretion, at any time not earlier than three years nor later than one year before the date of the expiration of any lease of any land vested in the University that does not confer a right of renewal, grant a renewal of the lease upon such terms as it thinks fit; and the provisions of this paragraph shall apply to any such lease whether granted before or after the commencement of this Act:

Provided that the amount so borrowed shall not at any time exceed one-twelfth of the revenue of the University from all sources during the immediately preceding financial year of the University:

Provided also that at the end of any financial year of the University the amount of the overdraft or loan shall not exceed the outstanding revenue due to the University in respect of that financial year.

53. ANNUAL REPORT AND STATEMENT OF ACCOUNTS—(1)

The Council shall, during the month of April in every year, furnish to the Minister of Education and to the University Grants Committee a report on the University during the immediately preceding year.

(2) The Council shall also, as soon as practicable after the end of every financial year of the University, furnish to the Minister of Education and to the University Grants Committee a statement of the assets and liabilities of the University as at the end of that financial year, together with an account of income and expenditure showing the financial transactions for that year, which statement and account shall be audited by the Audit Office.

2. A student applying to be registered for extramural study at Massey University in any subject shall

- (a) not later than the 31st day of January in the year of examination make application on the prescribed form to the Registrar of Victoria University of Wellington for exemption in that subject, and
- (b) make application to the Director of Extramural Studies of Massey University at the time and in the manner prescribed by the Statutes and Regulations of that University.

3. Except with the approval of the Vice-Chancellor application for enrolment as an extramural student shall be made not later than the 14th day of February in the year of examination.

4. Except with the approval of the Vice-Chancellor, application for partial exemption (being an application for enrolment as an extramural student by a person currently enrolled as an internal student in another subject or subjects) shall be made not later than the thirty-first day of March in the year of examination.

TERMS REGULATIONS

KEEPING TERMS

1. In any subject in which terms are required to be kept an internal student shall keep terms by complying with the University regulations regarding enrolment and payment of fees, attending the classes in that subject to the satisfaction of the Professorial Board, and performing to the satisfaction of the Professorial Board such written, oral, practical and other work therein as the Professorial Board may require.

2. (a) Subject to the provisions of regulation 3 an extramural student shall keep terms in a subject by complying with the University statutes and regulations regarding enrolment and payment of fees, obtaining exemption from attendance at classes in that subject, and complying with any statutes and regulations in respect of oral or practical work.

(b) To keep terms in Economics I or II an extramural student shall in addition attend two departmental examinations at the University in the second and third terms, at dates to be notified in departmental course outlines issued to extramural students, and shall attain a satisfactory standard in these examinations.

3. An extramural student receiving tuition through

Massey University shall keep terms by complying with the statutes and regulations of that University regarding enrolment and payment of fees, and by performing to the satisfaction of its Professorial Board such written, oral, practical and other work as the Professorial Board of that University may require.

PERIOD FOR WHICH TERMS ARE VALID

4. (a) Terms kept by an extramural student of the Victoria University of Wellington shall be only for the year in which they are kept.

(b) Terms kept by a student in a year in which he fails, Grade E, in the final examination shall be for the year of granting only.

(c) Except as provided in Clause (b) hereof terms kept by an internal student may be either for the year of granting and the following year or for the year of granting only as may be specified at the time of granting.

(d) Notwithstanding anything in this regulation the Professorial Board may at any time direct in special cases that terms shall be extended for such period as the Board in its discretion thinks fit.

(e) A student wishing to present a Reading Knowledge of Two Languages other than English must keep terms by complying with the requirements in regard to both languages, but need not do so in the one year. Where both languages are not taken in one year these regulations shall apply as if each language were a separate unit.

NOTE: A pass before 1963 in Reading Knowledge of a foreign language may be counted as one of the two Reading Knowledge courses required as a full unit for the B.A. degree.

(f) Notwithstanding anything in this regulation, terms kept by a student who is subsequently excluded from enrolment under the regulations for the exclusion of unsatisfactory students shall be for the year of granting only.

TRANSFER OF TERMS

5. Terms kept at any other university shall not be valid for a course at the Victoria University of Wellington unless the Professorial Board, after considering the scope of the two courses and other relevant circumstances, so determines. In permitting terms to be transferred under this regulation the Professorial Board may impose such conditions as it thinks fit regarding supplementary work to be undertaken by the candidate.

NOTE: Terms kept in any subject at the Victoria University of Wellington are not valid for a course at any other university or college unless the statutes or regulations of that university or college so provide.

TRANSFER OF STUDENTS

A student transferring from some other university in New Zealand to the Victoria University of Wellington must make a fresh application for matriculation at this University: see Matriculation Regulations.

The Victoria University of Wellington Act 1961 provides that in such a case the Council shall give the candidate such credits as it considers appropriate for any units or subjects which he has already passed in New Zealand and with which he has been credited towards a degree or other academic qualification in his former university or shall grant him such exemptions as it considers appropriate, so that he may complete his course without suffering undue hardship as a consequence of his transfer.

As to transfer of terms see Terms Regulations, reg. 5.

EXAMINATION REGULATIONS

TIME-TABLES

1. (a) The examinations conducted by the University shall be held at the places and times specified in the examination time-tables published by authority of the Council.

(b) Where the examination in a subject includes any

oral or practical test or examination a candidate shall present himself for examination at an examination centre appointed for the conduct of the oral or practical test or examination.

NOTE: A candidate who at the date of examination is not residing in the Victoria University of Wellington District must attend an examination centre in this University District unless arrangements can be made for him to be examined at an examination centre of another university.

ENTRY FOR EXAMINATION

2. (a) Every candidate for any examination shall give notice in writing, on the form provided, of his intention to present himself for examination.

(b) The notice shall be sent so as to reach the Registrar by the closing date specified in the University Calendar, and shall be accompanied by the prescribed fee, provided, however, that the notice and fee may be received within twenty-one days after the specified date if accompanied by the prescribed late fee, and provided further that subject to the approval of the Vice-Chancellor the notice and fee may be received more than twenty-one days after the specified date if accompanied by the prescribed late fee and fine.

RESTRICTIONS ON ENTRIES; CROSS-CREDITS AND EXEMPTIONS

3. (a) No candidate shall enter in the same year for more than two distinct courses for degrees and diplomas. A candidate entering for two courses shall be permitted to present himself for examination in only two subjects more than the maximum number allowed in either course, and shall comply with the statutes and regulations governing both courses.

(b) A candidate who has been credited with a pass in History of Philosophy may enter concurrently for examination in Philosophy I and Philosophy II. Except as so provided, no candidate shall present two stages of a subject at the same examination unless the Vice-Chancellor on the

recommendation of the Professorial Board so permits.

(c) No candidate shall be allowed to present himself for an examination in a subject for which he has received credit for another degree or diploma.

(d) Except where otherwise provided in any course regulations a candidate who has been credited with passes in units or subjects common to two or more courses may transfer not more than three units or subjects passed in one course to any one other course and shall pay the prescribed fee for each unit or subject so transferred. A unit or subject may not be transferred under this regulation unless it was passed at the standard required in the course to which it is to be transferred. A unit or subject in which terms were not kept may not be transferred to a course in which terms are required. No candidate shall be allowed to obtain credit for the same unit or subject in more than two courses. No Stage III unit or subject shall be transferred from one course to another unless one other Stage III unit has been credited to the former course and not transferred to any other course. No subject of a course for a Bachelor's degree with Honours or for a Master's degree shall be transferred from one course to another. Wherever a candidate is unable to transfer a unit or subject compulsory in his second course he may present another unit or subject approved by the Professorial Board in place of it.

(e) A candidate who is exempted from passing in a unit or subject of a course by reason of having passed or been credited with a pass in that unit or subject or its equivalent in another course shall pay the prescribed fee.

EXAMINATION PROCEDURE

4. The examinations shall consist of such written, oral and practical examinations as are prescribed by course regulations. In addition the examiners or Board of Examiners may at their discretion require any candidate for

Honours or for a Master's degree to submit himself for oral examination.

5. Candidates shall write out answers to the questions in the presence of a Supervisor, who shall be appointed or approved by or on behalf of the Council, and in accordance with such detailed instructions as may be furnished by the Council.

6. No candidate shall communicate with an examiner in regard to an examination except through the Registrar.

7. The examination scripts shall be transmitted to the examiners, who shall report the results of the examination to the Registrar. The examiners may take into consideration the work done by the candidate during the year.

8. At the conclusion of examining all examination scripts which the Head of the Department does not elect to retain shall be delivered to the Registrar. Scripts so delivered to the Registrar shall be destroyed after a period of three months.

RECONSIDERATION OF SCRIPTS

9. By making written application to the Registrar within four weeks from the date of the posting of the official result of his examination and on paying the prescribed fee any candidate for a degree, diploma or certificate of proficiency may have his scripts reconsidered by the examiners. Reconsideration shall cover only a careful re-marking of the scripts together with consideration of the work done by the candidate during the year. No information from the candidate shall be placed before the examiners.

HARDSHIP FROM CHANGE OF REGULATIONS

10. In any case where it is shown to the satisfaction of the Vice-Chancellor that any alteration or amendment of a University statute or regulation involving a change in a course of study or in examination requirements has caused hardship to a student, the Vice-Chancellor may make such

provision as he thinks fit for the relief of such hardship. The student may appeal from the decision of the Vice-Chancellor to the Council, which may make such provision as it thinks fit.

AEGROTAT PASS

11. A candidate who has been prevented by illness or injury from presenting himself at any examination, or who considers that his performance in any examination has been seriously impaired by illness or injury may, on application, and with the approval of the Vice-Chancellor of the University or the Vice-Chancellor of the Massey University as the case may be, be granted an *aegrotat* pass, subject to the following conditions:—

(i) that the candidate is an internal student, or an extramural student enrolled for tuition through the Massey University;

(ii) that the illness or injury was reported at the earliest possible opportunity;

(iii) that as soon as practicable after the examination the candidate furnish to the Registrar a certificate (on the form provided) from a registered medical or dental practitioner stating—

(a) that he examined the candidate on a certain date;

(b) that in his opinion the candidate was unable through illness or injury to present himself for the examination, or that in his opinion the candidate's performance in the examination was likely to have been seriously impaired by illness or injury;

(c) the nature of the illness or injury, to be stated in sufficient detail to make it clear that the candidate was not responsible for his disability, and in a form suitable for submission in cases of doubt to a medical or dental referee;

(iv) that the Head of the Department certifies that in his opinion taking into account the work of the candidate

during his course of instruction, all work completed by him in the examination, and his disability at or before the time of the examination he is clearly worthy of a pass or, as the case may be, a pass with First Class, Second Class (first division), Second Class (second division), or Third Class Honours;

(v) that First or Second Class Honours be not awarded to a candidate who is granted an *aegrotat* pass in respect of more than half his papers.

(vi) that if the candidate was an extramural student he sat at least one final examination paper in the subject in which he is applying for an *aegrotat* pass.

12. Where by reason of personal bereavement near the date of examination or other critical personal circumstances involving the health of a close relative a candidate has been prevented from presenting himself at any examination or considers that his performance in any examination has been seriously impaired he may, on making application and with the approval of the Vice-Chancellor, be granted a pass under this regulation, subject to compliance with the conditions in clause (i), (iv), (v) and (vi) of regulation 11, and subject to the condition that the bereavement or other circumstances be reported at the earliest possible opportunity.

13. Where a case has been referred back to an examiner pursuant to the decision of a meeting of examiners the examiner shall have power to award a compensation pass. Such a pass shall not be accepted as satisfying any prerequisite under course regulations.

THESIS

14. (a) Where only one copy of a thesis is submitted for any examination and if this is accepted, the University shall retain the copy and transfer it to the University Library. Where more than one copy is submitted, and the thesis is accepted, one copy shall be retained and trans-

ferred to the University Library, and other copies shall be disposed of as the Head of the Department may direct.

(b) A candidate shall communicate with his Supervisor before commencing work on his thesis, and must thereafter fulfil the requirements laid down by the Supervisor in respect of that work.

(c) A candidate presenting a thesis for a Master's degree shall lodge two copies of the thesis.

(d) The Supervisor of the thesis shall be responsible for the deposit of the thesis in the Library.

(e) Every thesis deposited in the Library shall, unless the Librarian otherwise approves, comply with the following requirements:—

(i) the copy deposited shall be the original;

(ii) the paper shall be quarto size and of good quality;

(iii) the thesis shall be bound to the satisfaction of the Librarian and the name of the author and the title shall be printed on the outside.

NOTE: Students are recommended to consult the Librarian before proceeding with the typing and binding of the thesis.

MISCONDUCT

15. Any candidate who is found guilty of any dishonest practice in connection with any examination or of any breach of any rules dealing with the conduct of examinations shall be liable to the penalties hereinafter provided. The candidate shall, before the meeting of the Professorial Board at which it is proposed to deal with the complaint, be given reasonable notice in writing of the subject matter of the complaint. He may if he wishes state in writing his answer to the charge, and he may appear when the complaint is being determined. If the Professorial Board finds the charge proved it may disqualify the candidate from sitting for any examinations for such period as it thinks fit and may, if he has been credited

with a pass in the examination in respect of which the charge arose, cancel such credit.

16. Where the Professorial Board is satisfied that a candidate has not complied with any statute regulation or rule of the University, whether in respect of any examination or any other matter, the Board, after giving the candidate such opportunity as it considers reasonable of remedying his non-compliance, may cancel his examination entry, may suspend for such time as it thinks fit the release to the candidate of the results of any examination, and may decline to credit to his course any subject or subjects or cancel any such credit.

17. A candidate may appeal to the Council from any decision of the Professorial Board under regulation 15 or 16 by giving notice in writing to the Registrar within fourteen days of being notified of the decision of the Professorial Board. A candidate so appealing shall be entitled to make submissions in writing, and may appear when the complaint is being determined. The Council may dismiss or allow the appeal or vary the penalty but shall not impose any penalty which the Professorial Board could not have imposed. Every decision of the Professorial Board under regulations 15 and 16 shall be final unless the candidate appeals as provided in this regulation. The decision of the Council on any appeal under this regulation shall be final.

CERTIFICATE OF PROFICIENCY REGULATIONS

1. At any examination for a university degree or diploma any person may, subject to these regulations and to regulation 1 of the Matriculation Regulations, be admitted to examination in any one or more of the subjects prescribed for that degree or diploma and may receive a Certificate of Proficiency in any subject in which he has satisfied the examiners.

2. A candidate for a Certificate of Proficiency shall pay fees, keep terms and give notice of his intention to enter for examination as if he were proceeding to a degree or diploma.

3. The personal course of study of every candidate for a Certificate of Proficiency shall require the approval of the Professorial Board.

4. The Examination Regulations and course regulations shall apply, with the necessary modifications, to any candidate entering for a Certificate of Proficiency.

5. A candidate who has passed in a subject for a Certificate of Proficiency may at a later date have this subject credited towards a degree or diploma provided that the necessary conditions for the degree or diploma course were fulfilled at the time when the subject was passed for a Certificate of Proficiency.

6. A person who is not entitled under the regulations of the University to enrol for a course or for a unit or subject of a course (whether by reason of not being matriculated or otherwise) or would not be entitled to be credited with a pass in a unit or subject (whether by reason of failure to keep terms or otherwise) may in the absolute discretion of the Professorial Board be permitted to enrol in any unit or subject or to enter for and sit any examination, but no credit towards any university degree or diploma or other qualification shall be awarded to a student permitted to proceed under this regulation.

FEES REGULATIONS

(iii) any person with an academic or professional qualification acquired at a university, who is attending a course of lectures otherwise than for the purpose of preparing or qualifying himself for an academic or professional qualification, shall be exempted from payment of the Students' Association fee.

2. All fees so received by the Registrar shall be paid to the Victoria University of Wellington Students' Association (Incorporated) provided that the Council may direct the Registrar to withhold any sum necessary to pay for damage done in the students' common rooms or cloak rooms.

NOTE: Upon payment of the Students' Association fee a student becomes a member of the Students' Association and is eligible to join any student organisation affiliated to the Association, subject to compliance with the constitution and rules. Membership of a club or society may, however, be restricted to members of a particular sex or of a particular faculty; and special rules apply to religious societies.

TUITION FEES

1. No refund shall be made on discontinuance of a course after the end of the first term.

(c) Corresponding refunds and exemptions shall be granted in the case of a student who is paying his fees by instalments.

4. Where a candidate has not submitted his thesis by the end of February after the year of entry he shall become liable for a further year's fee.

EXAMINATION ENTRY FEES

1. Examination entry fees shall be paid in accordance

with the Examination Regulations and the prescribed Table of Fees. Letters and telegrams forwarding fees shall be prepaid and despatched at the risk of the sender.

NOTE: See Part II of Calendar for closing dates.

6. The Joint Committee on honorary degrees shall be appointed by the Council of the University and shall consist of the Vice-Chancellor, four members of Council who are not members of the Professorial Board of the University, and four members of the Professorial Board of the University appointed on the nomination of the Professorial Board. The appointed members of the Joint Committee shall hold office for such period as the Council may determine, but an appointed member shall cease to hold office on ceasing to be a member of the Council or the Professorial Board, as the case may be. Any casual vacancy shall be filled by appointment of a person having the same qualification as that of the vacating member.

PROCEDURE FOR ENROLMENT

All students taking lectures in 1967 must enrol in person at the University during the period 20th February-2nd March, 1967. Teacher's Training College students will be enrolled at Wellington Teacher's College at an arranged date prior to 20th February, 1967. Full details appear in Part II of the Calendar.

First-year students are required to bring, as applicable, their University Entrance Scholarship results, University Entrance Certificates, University Bursary Examination results and Higher School Certificates.

Those who wish to apply for provisional admission are advised to do so, to the Registrar, before enrolling. Applications will, however, be received at the time of enrolment.

Applications for admission *ad eundem statum* at Entrance level (without credits) should be made to the Secretary, Universities Entrance Board, P.O. Box 8035, Wellington.

Application for admission *ad eundem statum* with credits should be made to the Registrar; those concerned should consult the relevant regulations in this Part of the Calendar.

AWARDS ON ENTRANCE

NOTE: The lists of Scholars are in most cases for the last three years only. For former Scholars see 1919 Calendar and subsequent issues.

ENTRANCE SCHOLARSHIPS

With the introduction of the University Bursaries Examination at the end of 1966 University National Scholarships are being amalgamated with University Junior Scholarships. Eighty-eight University Junior Scholarships will be awarded on the results of the Entrance Scholarships Examination held in 1966 instead of 39 University Junior Scholarships and 49 University National Scholarships. All University National Scholarships still current at the end of 1966 will be converted to University Junior Scholarships from 1 January 1967. The Entrance Scholarships Regulations have been amended with effect from 1 January 1967 to give effect to this amalgamation. These Scholarships are tenable with bursaries awarded by the Education Department. The Regulations governing these Scholarships are published in the University Grants Committee Handbook.

BURSARIES AWARDED BY THE DEPARTMENT OF EDUCATION

NOTE: The following is a summary of the regulations and is meant only for the guidance of students. Those doubtful of their eligibility for a bursary should seek information from the Registrar. Where special rulings are required enquiries should be addressed to the Director-General of Education, Department of Education, Wellington, C.I.

1. Application for the following bursaries may be made when enrolling at the University.

- (i) FEES BURSARIES providing for payment of nine-tenths tuition fees are available to students who:
 - (a) have been accredited for University Entrance, or have passed the Entrance Examination, or
 - (b) having been granted provisional admission or

having a pass in the University Entrance examination before 1945, have since passed two subjects in any one year, or, if the course the student is attending is one in which passes are normally required in groups of subjects, the student passes more than half of the work of a full-time course, or

(c) who have been admitted *ad eundem statum* to the University.

(ii) FEES AND ALLOWANCES BURSARIES are available to students undertaking a full-time course who:

(a) have been awarded Higher School Certificate prior to 1963, or

(b) have been awarded Higher School Certificate subsequent to 1962 provided the applicant gained the University Entrance qualification in a year previous to the award of Higher School Certificate, or

(c) have been awarded Higher School Certificate and in the same year gained University Entrance on the basis of a credit pass in the University Entrance Scholarship examination, or

(d) have been awarded Higher School Certificate and University Entrance in the same year on the basis of a pass in the University Bursaries Examination, or

(e) who have been, in any one year, credited with passes in the units or subjects constituting a full-time course or who, in any one year at an overseas University have in the opinion of the Professorial Board of the University at which he is enrolled, gained passes equivalent to those mentioned.

They provide for payment of nine-tenths of tuition fees, and allowances as follows:

£40 in first year of bursary;

£60 in second year of bursary;

£80 in third year of bursary;

£100 in fourth and subsequent years of bursary.

A boarding allowance of £125 in each year is available to students required to live away from their home in order to attend University, or in special cases of hardship where the bursar is unable to pursue his studies without the allowance. Except in exceptional circumstances, no application for the award of a boarding allowance on grounds of hardship will be accepted by the Department of Education after 31st March in the year to which the application relates.

In normal cases fees will not be paid under a Fees or Fees and Allowances Bursary for a greater number of units than are required for the degree. However, on the recommendation of the Professorial Board students with outstanding academic records who are completing their courses in the minimum time may claim fees to cover one or two units additional to those required to complete their qualifications.

- (iii) MASTERS' BURSARIES are available to students who have completed a Bachelor's degree in not more than one year in excess of the minimum period in which a full-time student could complete the course, and who are proceeding in the next or the following year to a Masters' course. (Note: At this University a Bachelor with Honours course is regarded as part of a Masters' course for bursary purposes.) They provide for payment of nine-tenths of tuition fees, an allowance of

£150 per year and a boarding allowance of £125 per year where applicable. Provided that, except with the consent of the Director-General of Education, if the holder of a Masters' Bursary is engaged in any occupation while the University at which he is enrolled is in session, the maximum annual value of his bursary shall be the tuition fees payable for the course. For the purposes of this regulation the Director-General has consented that students may work at any occupation for up to a maximum of six hours per week during the University session while receiving the full Masters' Bursary. This may be extended to ten hours per week if the student is employed by the University at which he is enrolled and the work is related to his Masters' course, e.g., work as a demonstrator.

(iv) SUPPLEMENTARY ALLOWANCES. The following supplementary allowances may be paid in conjunction with Fees and Allowances Bursaries but not with Masters' Bursaries:

(a) A supplementary allowance of £50 per annum to a student who in 1966 or later has obtained an 'A' pass in the University Bursaries Examination or a credit pass or better in the Entrance Scholarships Examination.

(b) A supplementary allowance of £30 per annum to a student who has in 1966 or later obtained a 'B' pass in the University Bursaries Examination; or who, after sitting the Entrance Scholarships Examination, is deemed to have obtained a 'B' pass in the University Bursaries Examination; or who, in any year after 1966, has obtained 'B' passes or better in each of the sub-

jects or units which constitute a full-time course of University study.

- (c) A supplementary allowance of £40 per annum to a student who, in 1966, has obtained passes in each of the subjects or units which constitute a full-time course of study.

2. TENURE OF BURSARY

A University Bursary may be held with a University Junior or University National Scholarship, or with a Public Service Study Award under which no provision is made for the payment of University tuition fees on the award holder's behalf, but with no other award made from public funds to assist a student in his University studies. No allowances are payable under a Fees and Allowances or Masters' Bursary held with a Public Service Study Award if the award provides for payment of full or proportionate salary. A University Bursary may be held with a Taranaki Scholarship and with an award made by the Ngarimu Scholarship Fund Board.

Any previous award made from public funds to assist a student in his university studies will be deemed to have been held in terms of the University Bursaries Regulations 1966, for the purpose of determining the terms and conditions under which he may be awarded a university bursary. In general, a year of assistance under the award will be counted as a year of tenure of a bursary and the student's academic record while holding the award must satisfy the conditions of the regulations for the continuance of a university bursary.

A Fees or Fees and Allowances Bursary is available for a recognised course only and is tenable for the minimum period in which a student, pursuing a full-time course in each year, could complete his recognised course. However, a student who, having completed his recognised course,

enrols the following year in a second recognised course, may apply for the extension of the period of tenure of his bursary. The total period of tenure of the bursary for both courses may not exceed five years, or one year more than the period for which a bursary is tenable for either course taken independently, whichever is the longer. A bursary for a second course may, in certain circumstances, be available during the final year of the first course.

A Masters' Bursary is available for the minimum period in which a full-time student can complete the course but the period of tenure will not normally be less than one year nor more than two years.

For the purposes of these regulations the Director-General of Education has approved the following periods of tenure:

<i>One Year</i>	<i>Two Years</i>	<i>Three Years</i>	<i>Four Years</i>	<i>Five Years</i>	<i>Six Years</i>
Dip.Ed.	B.Ed.	B.A.	B.Com.	B.Arch.	MB.Ch.B.
	Dip.Soc.Sc.	B.C.A.	B.E.	B.D.S.	
	Dip.Urb.V.	B.Sc.	B.Pharm.	LL.B.	
		B.Agr.	B.Agric.Sc.		
		B.Mus.	B.Food Tech.		
		Prof.Acctcy.			
		Dip.Land Surv.			

3. FULL-TIME COURSES

To be eligible for a Fees and Allowances Bursary a student must be enrolled for a full-time course. Students wishing to claim these bursaries should therefore ensure at the beginning of the year that their course can be certified as constituting a 'full-time course'. The Professorial Board has ruled that for the purposes of the University Bursary regulations, a 'full-time course' means:

Arts, Science and Commerce

- 3 or more units;
- 2 units including at least one Stage III;
- 2 units including at least one Stage II, provided that this is consistent with the particular student completing

the course within the normal period of the bursary and that the two units are taken within a programme approved by the Head of the Department of the candidate's major subject;

any subject or combination of subjects which constitute the final year of the course being completed within the normal term of the bursary.

Law

3 Arts units;

2 Arts units and 2 Law subjects;

1 Arts unit and 3 Law subjects;

5 Law subjects;

4 Law subjects which constitute the final year of a course being completed within the normal term of the bursary by a student who is not in employment. (For this purpose Legal System is regarded as an Arts unit).

The Dean of the Law Faculty may approve as a full-time course for bursary purposes a course which included less than the number of units or subjects prescribed above if he considers that such a course is preferable on academic grounds.

4. SUSPENSION OF A BURSARY

A Fees or a Fees and Allowances Bursary shall be suspended if the holder:

(a) being a student enrolled in a course in which passes are normally credited in individual units, fails for the first time to be credited with passes in at least two units of his course, or

(b) being a student enrolled in a course in which passes are normally required in groups of subjects rather than in individual units, fails for the first time to pass what is in the opinion of the Professorial Board more than half of the work of a full-time course.

A bursary will not be suspended if the student can produce evidence that will satisfy the Director-General of Education that the failure was due to ill-health or other sufficient cause beyond his control.

A bursar who, for a reason other than failure to qualify for the continuance of his bursary, is unable for the time being to continue the course for which the bursary was awarded may apply to the University Registrar for the voluntary suspension of his bursary.

5. REINSTATEMENT OF A BURSARY

A Fees or a Fees and Allowances Bursary suspended under (a) above may be reinstated if the holder is credited in his next year of study at a University in New Zealand with passes in two units of his course; a Fees Bursary or a Fees and Allowances Bursary suspended under (b) above may be reinstated if the holder is credited in his next year of study at a University in New Zealand with passes in more than half of the work of a full-time course.

6. TERMINATION OF A BURSARY

If a bursar fails to satisfy the requirements for the reinstatement of his bursary, his bursary is terminated.

As a general rule only one suspension for failure is permitted. If a bursar fails for the second time to be credited with sufficient of his course to qualify for the continuation of his bursary in the following year, his bursary is terminated.

A bursary may also be terminated if the holder without the consent of the Director-General ceases to pursue the course of study for which the bursary was granted. It is therefore essential that students obliged to discontinue their studies should apply to the Registrar for a voluntary suspension of their bursary. A student who has failed to satisfy the requirements for the continuance of

his bursary and who is unable to continue with his studies must also apply to the Registrar for permission to discontinue his studies for a specified period.

POST-PRIMARY TEACHERS' STUDENTSHIPS

Studentships are available to students wishing to study for degrees in Arts, Science, Home Science, Commerce, Agriculture, Music and for Diplomas in Home Science, Fine Arts and Physical Education.

Successful candidates will be enrolled at the Training College in the University centre where they are studying and will thus be members of the teaching profession from the time they take up the Studentship.

An allowance of £315 per year will be paid during the first two years, and of £440 in the third and fourth years. Tuition fees will be paid and a boarding allowance of £49 will be granted to students who are required to live away from home.

Successful applicants will be required to enter into an agreement and provide a bond accepting the obligations laid down for the Studentships.

Applications will be accepted up to 15 August with the Director, Education Department, Wellington. To facilitate organisation, applicants are asked to forward their applications by 1st August.

SOCIAL SCIENCE BURSARIES

The Director of Education may award open bursaries tenable at the Department of Social Science, Victoria University of Wellington. Applicants must satisfy the conditions of entry to the Department of Social Science.

Further details may be obtained from the Director of Education, Wellington C.1, with whom applications on the prescribed form close on 30th November.

UNIVERSITY EXTENSION BURSARIES

1. One bursary tenable at Victoria University of Wellington may be offered annually, or more than one if the Council so decides.

2. A bursary shall be awarded only to a student who has attended classes under the Department of University Extension, who in the opinion of that Department has shown a good record in class work, and who in the opinion of the University Council needs a bursary to enable him to attend university classes.

3. An applicant shall apply to the Registrar before the 1st day of November, and shall state age, occupation, classes attended, records of class work and the course he proposes to follow.

4. The Professorial Board shall make a report to the Council on the merits of the applicants.

5. A bursary shall be tenable for three years, but may on the recommendation of the Professorial Board, be extended for a further period.

6. In each year the course of a bursar shall be approved by the Professorial Board.

7. A bursary shall have an annual value of the fees of the classes in the course approved by the Professorial Board together with the University fee.

8. If in the opinion of the Professorial Board the attendance or work of any bursar is not satisfactory the bursary may be terminated by the University Council forthwith.

WEIR BURSARIES

1. Out of income derived from the Weir bequest the University Council will offer annually not more than nine bursaries, to be known as Weir Bursaries.

2. A Weir Bursary will be for one year only; but holders will be eligible for a further award in a subsequent year.

3. A Weir Bursary will entitle the holder to a place in Weir House during the year for which the bursary is awarded and to a reduction of £30 in the boarding fees payable by the holder in that year, such reduction to be spread, as may be determined by the Registrar, over the weekly payments of boarding fees.

4. Subject to the abovementioned reduction in boarding fees, a holder of a Weir Bursary shall be subject to the rules and conditions relating to Weir House in the same manner as any other resident.

5. If the holder of a Weir Bursary shall cease to be a resident of Weir House or if he shall not pursue his studies satisfactorily, his bursary will lapse and determine.

6. Weir Bursaries may be awarded to students at any stage of their University studies. In the award of the bursaries priority shall be given to first-year students, unless other considerations make different action advisable.

7. Weir Bursaries shall be awarded by the Council on the recommendation of the Weir House Selection Committee.

8. The Council's purpose in establishing these Bursaries is to assist students whose financial circumstances or the financial circumstances of whose parents or guardians are such as to warrant the award of a Bursary.

In awarding Bursaries, therefore, regard will be had to the financial circumstances of the applicants (including any other bursaries or scholarships held by them) and of their parents or guardians, as well as to considerations of academic merit and character.

9. Applications for 1967 Bursaries, to be made on a form to be obtained from the Registrar, shall be sent to the Registrar not later than 31st October, 1966.

ERASMUS SCHOLARSHIP

This Scholarship arises from funds provided by an anonymous donor for the encouragement of the study of classical languages.

1. A Scholarship in classics to be known as the Erasmus Scholarship is offered annually for award to a male student matriculating in the Faculty of Languages and Literature.

2. The Scholarship shall be awarded for distinguished achievement in Greek or Latin or (preferably) both in the Entrance Scholarship Examination in the year prior to matriculation, as determined by a committee consisting of the Vice-Chancellor of the Victoria University of Wellington, the Professor of Classics, Mr J. V. Wilson and Mr D. J. Riddiford, solicitor to the donor.

3. If the candidate to whom the award is offered under paragraph 2 shall decline the scholarship or be unwilling to comply with its conditions the scholarship subject to paragraph 5 shall be successively offered to other candidates in the order of merit determined by the Committee.

4. The Committee may in its discretion award a prize of such amount as it sees fit in books or in money to a candidate or candidates who in its opinion merit an award.

5. No award shall be made if there is not a candidate who is considered by the Committee to be academically worthy.

6. A scholar shall be required to take a B.A. degree as a full-time student in the Victoria University of Wellington and to include three units of Greek and three units of Latin in his course and to take at least five of these six units in the first three years of his course.

7. A scholar shall not be permitted to hold any tied scholarship or bursary.

POSTGRADUATE SCHOLARSHIPS

NOTICE TO CANDIDATES

Introduction

Postgraduate Scholarships of the value of £650 a year are awarded by the University Grants Committee on the recommendation of the Scholarships Committee. The awards are made under the Postgraduate Scholarships Regulations 1963 which follow this notice and to which candidates are referred.

This notice is not part of the regulations but is intended to indicate to students in a general way the possibilities which are provided for in the regulations, and also to outline the policy which the University Grants Committee will follow in exercising their discretionary powers.

The scholarships are intended to encourage post-graduate study in the Universities in New Zealand, one objective being to build up strong research schools in New Zealand. The primary aim, therefore, will be to award scholarships for study in New Zealand for the degree of Doctor of Philosophy. However, it is recognised that research facilities in New Zealand in some fields may not be adequate, so regulation 10 makes provision for scholarships to be awarded to New Zealand students to study overseas. The Scholarships Committee will need to be satisfied that it is in the candidate's best interests to study overseas. In coming to a decision it will be advised by the Professorial Board of his University.

Although most awards will be made to New Zealand students, some awards may be made to candidates from overseas Universities to study in New Zealand.

Awards Tenable in New Zealand

An award made to a New Zealand student to study here for a Ph.D. degree will be tenable for two and a half years, and this award will carry a right, on the conditions specified in regulation 4 of the Post-Doctoral Fellowships Regulations 1963, to a Post-Doctoral Fellowship tenable for one year at the rate of £1,000 a year. This will normally be for study overseas, but if a candidate wishes to use his Fellowship for further study in New Zealand this would, in general, be approved. The tenure of two and a half years for a Postgraduate Scholarship will, in most cases, ensure that there will be financial support from the time a scholar commences his course until he is ready to proceed overseas.

A Postgraduate Scholarship awarded to an overseas candidate to study in New Zealand for a Ph.D. degree will be tenable for two years (Reg. 6) and will not carry a right to a Post-Doctoral Fellowship, although in exceptional circumstances a Fellowship may be awarded.

There is provision in regulation 6 for the extension by six months of the tenure of the above Scholarships to enable a candidate to complete his Ph.D. course, but this extension involves the loss of the right to an automatic award of a Post-Doctoral Fellowship. A Fellowship may still be awarded however—the Scholarships Committee will take into consideration the quality of the candidate's work, and the reason the extension was required. An unexpected development in a research project demanding further investigation would be regarded as a valid reason.

Regulation 7 contains provision for a Ph.D. candidate to proceed overseas if his Professorial Board recommends that it is essential to the development of his research project for him to have access to facilities not available here. The candidate would lose his right to the automatic award of a Post-Doctoral Fellowship under regulation 4 of the Post-Doctoral Fellowships Regulations 1963, but he may compete for an award under regulation 5 of those regulations.

Not all scholars need to pursue a course for the Ph.D. degree. Under regulation 7 a programme of research for other purposes may be approved, but in these cases, the tenure of scholarships would, in general, be two years.

Awards Tenable Overseas

The tenure of awards made under regulation 10 to candidates whose best interests require them to study overseas will be governed by the programme approved for the scholar and will range from two to a maximum of three years. If a scholar is unable to complete a degree course within the tenure of his scholarship an extension of tenure may be granted, but no extension may increase the total tenure of any scholarship beyond three years.

Regulation 10 requires a scholar who is studying at a University overseas to take a course of study for a doctoral degree 'unless the University Grants Committee other-

wise determines'. It is intended that this discretionary power be used quite freely. The criterion will largely be the suitability of particular programmes for individual candidates or for candidates from particular faculties. For example, it is well established practice for graduates in law to read for a B.C.L. at Oxford or an LL.B. at Cambridge while Arts graduates frequently read for B.Phil. or B.Litt. at Oxford. Courses of this kind would continue to be approved.

Most awards tenable overseas will be for study at a University but there is provision for study at other approved institutions.

GENERAL PROVISIONS

Positions of emolument

Every scholar must give his full time to his studies and may not hold any position of emolument unless permitted under regulation 11. Under this regulation permission has been given for scholars to undertake paid sessional work at any University up to a maximum of six hours a week.

Co-tenure with other awards

In terms of regulation 12 the permission of the University Grants Committee is required for a scholar to hold any other scholarship, bursary, or award with a Postgraduate Scholarship. The Committee has decided that scholars studying overseas may accept other awards. A decision will be made on the merits of each case as to whether the emolument of the Postgraduate Scholarship will be reduced and, if so, to what extent. All scholars, including those who will be studying in New Zealand, must notify the University Grants Committee of the details (including value) of any other award offered or accepted.

Eligibility

The general rule is that a candidate, to be eligible for a scholarship, must be eligible to register as a candidate for a Ph.D. degree of any New Zealand University not later than the tenth day of December in the year of application. In some cases, final thesis results may not be through by this date and provision has therefore been made in regulation 5 for awards to be made to a candidate who is not eligible by the prescribed date on the condition that the award will lapse if he fails to qualify at the required standard by 1 March of the year following that in which he applies for a scholarship.

Deferment of Application or Scholarship

In some fields—the social sciences and biological sciences are examples—it is common practice for a student to gain practical experience before beginning study for a Ph.D. degree. Regulation 3 (1) provides that a scholarship shall not *normally* be awarded to a person who has been eligible for more than two years. Regulation 8 provides that a scholar shall commence his scholarship in February following the award or as soon as is practicable after that for him to begin his research programme. There are therefore two possibilities open to students who wish to undertake preliminary fieldwork or obtain other practical experience. The Scholarships Committee would prefer a candidate to apply in the year he became eligible and to make subsequent application for deferment of his scholarship. In this way he would be competing for a scholarship with his contemporaries. Alternatively, he may defer making an application for up to two years after obtaining his preliminary qualification. The two-year period specified is intended to apply in most cases but if there are special reasons for delaying an application, the application would be accepted and the reasons for delay considered on their merits.

POSTGRADUATE SCHOLARSHIPS REGULATIONS
1963

Pursuant to section 12 of the Universities Act 1961, the University Grants Committee hereby makes the following regulations:

1. (1) These regulations may be cited as the Postgraduate Scholarships Regulations 1963.

(2) These regulations shall come into force on the first day of August, 1964.

2. In these regulations, unless the context otherwise requires—

‘Professorial Board’ in relation to any University, means the Professorial Board or Senate of that University:

‘Scholarship’ means a Postgraduate Scholarship.

3. (1) For the purpose of encouraging postgraduate study and research, particularly in the Universities in New Zealand, the University Grants Committee shall, pursuant to these regulations, each year award scholarships to be known as Postgraduate Scholarships:

Provided that a scholarship shall not normally be awarded to any person who became eligible to be a candidate therefor more than two years before the tenth day of December in the year of application for that Scholarship.

(2) Every person who is awarded a Postgraduate Scholarship and who pursues under that scholarship a programme of research, being a course for the degree of Doctor of Philosophy of a University in New Zealand, shall subsequently be awarded a Post-Doctoral Fellowship under regulation 4 of the Post-Doctoral Fellowships Regulations 1963 if he is eligible therefor under the provisions of the regulation.

4. The number of Postgraduate Scholarships to be awarded in any year shall be determined by the University Grants Committee.

5. The scholarships shall be open to persons who are.

not later than the tenth day of December in the year of application therefor, eligible to register as candidates for the degree of Doctor of Philosophy of any University in New Zealand:

Provided that a scholarship may be awarded to a person who is not eligible to register as a candidate for the said degree by the said tenth day of December, but the award shall lapse if he fails to become eligible to so register by the first day of March in the year following that in which he makes application for a scholarship.

NOTE: The Professorial Board of this University has ruled that a candidate for the scholarship who is not otherwise eligible will not be considered for an award in the current year unless his thesis is handed to the Registrar by 1st November.

6. Except as provided in regulation 7 and in regulation 10 hereof, every Postgraduate Scholarship shall be tenable at a University in New Zealand and, except as otherwise provided in these regulations, shall be tenable for a period of two and a half years:

Provided that a scholarship awarded to any person who obtained, at a University other than a University in New Zealand, his academic qualification to register as a candidate for the degree of Doctor of Philosophy of a University in New Zealand shall be tenable for a period of two years:

Provided also that, if any scholar who is a candidate for the degree of Doctor of Philosophy of a University in New Zealand is unable to complete his course for that degree by the expiration of the period for which his scholarship is tenable as aforesaid, the University Grants Committee may, if it thinks fit, grant an extension of that period by a further period not exceeding six months:

Provided further that no such extension shall be granted as aforesaid unless the University Grants Committee has received and considered any recommendation that may be made in that behalf by the Professorial Board of the University at which the scholar is enrolled.

7. (1) Except as otherwise provided in these regulations, every scholar shall, during the tenure of his scholarship, be enrolled as a student of a University in New Zealand, and shall pursue in New Zealand a programme of research, being a course for the degree of Doctor of Philosophy:

Provided that the University Grants Committee may, in individual cases, on the recommendation of the Professorial Board of the University at which the scholar is enrolled or proposes to enrol, permit a scholar to pursue in New Zealand a programme of research which is not a course for the degree of Doctor of Philosophy. In any such case, the scholarship shall be tenable for such period as the University Grants Committee shall determine which period may, if the University Grants Committee thinks fit, be less than two and a half years:

Provided also that, on the recommendation of the Professorial Board of the University at which the scholar is enrolled, the University Grants Committee may, subject to the production of a medical certificate of health satisfactory to that Committee, permit a scholar who has completed in New Zealand part of his course for the degree of Doctor of Philosophy to proceed overseas if it is essential to the development of his research project for him to have access to facilities not available in New Zealand. Payment of the scholarship emolument during any period when a scholar is so absent from New Zealand shall be made in such manner as the University Grants Committee may from time to time determine.

(2) Notwithstanding anything to the contrary in these regulations except regulation 13, if any scholar who is a candidate for the degree of Doctor of Philosophy of a University in New Zealand completes his course for that degree before the expiration of the period for which his scholarship is tenable, his scholarship shall not be ter-

minated until the expiration of that period if the following conditions are fulfilled—

(a) The scholar has not been granted an extension of the period of tenure of his scholarship under the second proviso to regulation 6 hereof; and

(b) The scholar undertakes, for the remainder of the period for which his scholarship is tenable, a further programme of research approved by the Professorial Board of the University at which he is enrolled.

8. The tenure of every Postgraduate Scholarship shall commence on a date to be determined in each case by the University Grants Committee, which date shall normally be a date in February next following the notification of the award to the scholar, or as soon as is practicable thereafter for the scholar to commence his programme of research.

9. (1) Except as otherwise provided in these regulations, the scholarship emolument shall be paid to each scholar by monthly instalments in advance at the rate of £650 a year during the tenure of his scholarship.

(2) The first such payment shall be made by the Registrar of the University at which the scholar is enrolled as soon as practicable after that Registrar receives from the Professorial Board of that University a certificate that the scholar has commenced his programme of research.

(3) At the end of each year the said Professorial Board shall, if it is satisfied that the scholar is making satisfactory progress, authorise the said Registrar to continue payments of the scholarship emolument, to which the scholar is entitled in accordance with these regulations, for a further period not exceeding one year.

(4) If at any time a Professorial Board considers that a scholar is not making satisfactory progress it shall forward a report on the work of that scholar to the University Grants Committee, which report may, if the Professorial

Board thinks fit, include a recommendation that the scholarship be suspended or terminated.

10. (1) Notwithstanding anything to the contrary in these regulations, the University Grants Committee may permit a scholar to pursue a programme of research or advanced study at a University or other approved institution not in New Zealand if it is satisfied that it is in that scholar's best interests to do so. In coming to a decision, the University Grants Committee shall take into consideration any recommendation that may be made in that behalf by the Professorial Board of that scholar's University. In any such case the following conditions shall apply:

(a) Every such scholar shall, during the tenure of his scholarship, pursue a programme of research or advanced study approved for the purpose by the University Grants Committee, which programme shall, unless the University Grants Committee otherwise determines, be a course of study for a doctoral degree.

(b) Every scholarship to which this regulation applies shall be tenable for a period of two years unless the University Grants Committee, having regard to the programme of research or advanced study approved for any scholar, determines in respect of that scholar that his scholarship shall be tenable for any other period not exceeding three years:

Provided that, if the University Grants Committee is satisfied that a scholar is unable to complete his course of study for the degree for which he is a candidate by the expiration of the period of tenure of his scholarship, that Committee may, if it thinks fit, grant an extension of that period by a further period to be determined in each case by that Committee; but no such extension shall increase the total period of tenure of any scholarship beyond three years.

(c) The period of tenure of every scholarship to which

this regulation applies shall commence on the date on which the scholar enters upon his programme of research or advanced study; and payments of the scholarship emolument shall be made in such manner and on such conditions as shall be determined from time to time by the University Grants Committee.

(d) Every such scholar shall furnish to the University Grants Committee such reports (if any) as that Committee may require.

(e) No such scholar shall proceed overseas until he has presented to the University Grants Committee a medical certificate satisfactory to that Committee.

(2) Subject to the provisions of subclause (1) of this regulation, all the other provisions of these regulations shall also apply, so far as they are applicable, to every scholarship to which this regulation applies and to every scholar who holds any such scholarship.

11. Every scholar shall be required to devote his whole time during the tenure of the scholarship to his programme of research or advanced study, and may not hold a position of emolument except on such terms and conditions as the University Grants Committee may from time to time determine.

12. With the permission of the University Grants Committee, but not otherwise, a Postgraduate Scholarship shall be tenable with any other scholarship, bursary, or award. In granting permission as aforesaid the University Grants Committee may impose such conditions as it thinks fit, whether as to reduction in the emolument of the Postgraduate Scholarship or otherwise.

13. The University Grants Committee may at any time suspend or terminate any scholarship, or require the forfeiture of such proportion of the scholarship emolument as the said Committee may determine, if it is satisfied that the scholar is not diligently pursuing his programme of

research or advanced study or has failed to comply with any of the terms and conditions on which the scholarship was awarded; and a scholarship shall be terminated and no further payments shall be made if a scholar ceases to pursue the aforesaid programme.

14. The University Grants Committee may, if it thinks fit, relax or modify the application of any of these regulations in any special circumstances or in order to avoid hardship to any scholar or candidates for a scholarship.

15. Candidates shall enter for the scholarship on the form provided by the University Grants Committee. Every candidate who is enrolled at a University in New Zealand shall forward his application to reach the Registrar of the University at which he is enrolled not later than the first day of October (or such other date as may be specified by that University) preceding the year in which he proposes to commence his programme of research or advanced study. Every other candidate (including any candidate from any University not in New Zealand) shall forward his application to reach the office of the University Grants Committee not later than the aforesaid first day of October.

16. The following statutes of the University of New Zealand are hereby revoked:—

POST-DOCTORAL FELLOWSHIPS

NOTICE TO CANDIDATES

Introduction

Post-Doctoral Fellowships of the value of £1,000 a year are awarded by the University Grants Committee under the Post-Doctoral Fellowships Regulations 1963 which follow this notice and to which candidates are referred.

This notice is not part of the regulations but is intended to give a brief outline of some aspects of the

Fellowships scheme, particularly, but not exclusively, of those aspects which are not immediately obvious on reading the regulations.

Some Fellowships will be tenable for one year. Most of these will be Fellowships awarded as of right to certain candidates who have held Postgraduate Scholarships and these will be awarded from time to time throughout the year as candidates become eligible for them. Other Fellowships will be tenable for two years. These will be competitive awards made in December each year by the University Grants Committee on the recommendation of the Scholarships Committee. In certain circumstances some of the competitive awards will have a tenure of one year.

One-year Fellowships under regulation 4

Every New Zealand student who is awarded a Postgraduate Scholarship and who studies under that scholarship in New Zealand for the degree of Doctor of Philosophy has a right to be awarded a Post-Doctoral Fellowship, tenable for one year, normally overseas, if the following conditions are fulfilled:

- (a) he has held his scholarship for not more than two and a half years; and
- (b) he has been recommended by his examiners for the award of the Ph.D. degree not more than three and a half years from the commencement of his scholarship; and
- (c) he has not proceeded overseas for study under the terms of his scholarship.

In certain circumstances, however, a Fellowship may be awarded under regulation 4 to students who have held Postgraduate Scholarships for more than two and a half years. The reason the scholarship tenure was extended will be taken into consideration as will the quality of the can-

didate's work. An unexpected development of a research project requiring further investigation is regarded as a valid reason for relaxing condition (a) above.

Applications for Fellowships under regulation 4 should be made immediately a candidate has been notified that his examiners recommend him for the award of the Ph.D. degree. (Reg. 14 (1).)

The fact that a student is entitled to be or has been awarded a one-year Fellowship under regulation 4 does not debar him from applying for a two-year Fellowship under regulation 5. Such an award would not be made, however, except to an outstanding student. A student who wishes to be considered for a two-year Fellowship may lodge an application under regulation 5 at the same time as he applies for a Fellowship under regulation 4, or he may apply at a later date, even during the tenure of his one-year Fellowship. In this last case, however, the length of time he has held his existing Fellowship will be set off against the term of the two-year Fellowship and would not operate to extend any Fellowship beyond two years.

Fellowships under regulation 5

These, as mentioned, are competitive awards which will be made to candidates who may or may not have held Postgraduate Scholarships, who are not more than thirty-five years of age and who have qualified for a Ph.D. degree of a New Zealand University, or a Ph.D. degree (or its equivalent) of any other University.

Most Fellowships awarded under regulation 5 will be tenable for two years, but there is provision for some to be awarded with a tenure of one year.

Fellowships awarded to candidates who obtained their Ph.D. degrees in New Zealand are tenable overseas unless a candidate wishes to hold his Fellowship in New Zealand.

Fellowships awarded to candidates who obtained their Ph.D. degrees overseas—and this would include students

who held a New Zealand Postgraduate Scholarship overseas—are tenable only in New Zealand (Regulation 6). Except in the case of an outstanding student, an award made under regulation 5 to a candidate who has held a Postgraduate Scholarship overseas for all or part of its term will be tenable for one year only.

Study Programmes

In his application, a candidate for a Fellowship must give details of his proposed programme of advanced study or research and state the institution or institutions at which he proposes to carry out that programme. There is provision for institutions other than universities to be approved (Regulation 6 (1)).

Co-tenure with other awards

Fellowships are not co-tenable with other awards without express permission. (Regulation 9.) Individual application must be made giving full details of other awards offered. A decision will be made on the merits of each case as to whether permission will be given to hold another award with the Post-Doctoral Fellowship and, if so, to what extent (if any) the emolument of the Fellowship will be reduced.

Commencement of Fellowships

Fellowships must be taken up within one year of the date of award. (Regulation 6 (3).) This will be interpreted reasonably. Cases may occur when an award is made too late for a candidate to arrange his passage overseas in time to commence his course in a particular academic year. A forced postponement of this kind would not lead to forfeiture of the Fellowship. University employment or the preparation for publication of the results of research done is also acceptable as a valid reason for postponement of taking up a Fellowship.

POST-DOCTORAL FELLOWSHIPS REGULATIONS

1963

Pursuant to section 12 of the Universities Act 1961 the University Grants Committee hereby makes the following regulations:

1. (1) These regulations may be cited as the Post-Doctoral Fellowship Regulations 1963.

(2) These regulations shall come into force on the first day of August, 1964.

2. In these regulations, unless the context otherwise requires—

‘Postgraduate Scholarship’ means a Postgraduate Scholarship under the Postgraduate Scholarships Regulations 1963:

‘Professorial Board’, in relation to any University, means the Professorial Board or Senate of that University:

‘Fellowship’ means a Post-Doctoral Fellowship.

3. The University Grants Committee shall, pursuant to these regulations, from time to time award Fellowships to be known as Post-Doctoral Fellowships.

4. Subject to the provisions of regulation 5 hereof, a Fellowship, which shall be tenable for a period of one year, shall be awarded to every person who—

(a) has held a postgraduate scholarship under the Postgraduate Scholarships Regulations 1963 for a period of not more than two and a half years; and

(b) has completed, during his tenure of the said postgraduate scholarship, his programme of research, being a course for the degree of Doctor of Philosophy of a University in New Zealand; and

(c) has been recommended by his examiners, within a period of not more than three and a half years from the date on which his tenure of the said postgraduate scholarship commenced, for the award of the degree of Doctor of Philosophy of a University in New Zealand.

Provided that the University Grants Committee may, if it thinks fit, award a Fellowship under this regulation to any person who has held a Postgraduate Scholarship for a period in excess of two and a half years if that person has otherwise complied with the provisions of this regulation:

Provided also that a Fellowship shall not be awarded under this regulation to any person who has held a Postgraduate Scholarship if that person proceeded overseas during the tenure of his Postgraduate Scholarship under the provisions of the second proviso to subclause (1) of regulation 7 of the Postgraduate Scholarships Regulations 1963, or if that person obtained his academic qualification to register as a candidate for the degree of Doctor of Philosophy of a University in New Zealand at a University other than a University in New Zealand.

5. (1) Fellowships may also be awarded in accordance with this regulation.

(2) A Fellowship, which shall, subject as hereinafter provided, be tenable for a period of two years, may be awarded if the University Grants Committee thinks fit to any person (whether that person has held a Postgraduate Scholarship or otherwise) who is not more than thirty-five years of age and who—

(a) Has been awarded, or has qualified for the award of, the degree of Doctor of Philosophy of a University in New Zealand; or

(b) Has been awarded, or has qualified for the award of, the degree of Doctor of Philosophy, or a degree reasonably equivalent thereto, of any other University:

Provided that, if any person awarded a Fellowship under this regulation has been awarded a Fellowship under regulation 4 hereof, the University Grants Committee may, if it thinks fit, cancel the award of that Fellowship, and, having regard to any period during

which that person has held that Fellowship, reduce the period of tenure of the Fellowship awarded under this regulation by such period (if any) as that Committee thinks fit.

(3) A Fellowship awarded under subclause (2) of this regulation to any person who is eligible to be, but has not been, awarded a Fellowship under regulation 4 hereof shall be in substitution for the Fellowship which would otherwise have been awarded to that person under the said regulation 4.

(4) In individual cases, the University Grants Committee may, if it thinks fit, award under this regulation a Fellowship which shall be tenable for one year.

6. (1) Every Fellow shall, during the tenure of his Fellowship, pursue a programme of advanced study or research, approved for the purpose by the University Grants Committee, at a University or other institution approved for the purpose by that Committee, which University or other institution shall, unless that Committee otherwise determines in any case, be a University or other institution not in New Zealand:

Provided that a Fellowship awarded to any person to whom paragraph (b) of subclause (2) of regulation 5 applies shall be tenable at a University in New Zealand and shall not be tenable at any other University.

(2) Except with the approval of the University Grants Committee in special circumstances to be determined by that Committee, every Fellow shall enter upon his programme of advanced study or research not later than one year after the date of the award of his Fellowship. If he fails to do so, his Fellowship shall lapse.

(3) The tenure of every Fellowship awarded under these regulations shall commence on the date on which the Fellow enters upon his programme of advanced study or research:

Provided that, if a Fellowship is awarded under regulation 5 hereof to any person who is holding or has held a Fellowship under regulation 4 hereof, the tenure of the Fellowship awarded under the said regulation 5 shall commence on a date to be determined by the University Grants Committee.

7. No Fellow shall proceed overseas until he has presented to the University Grants Committee a medical certificate satisfactory to that Committee.

8. Every Fellow shall be required to devote his whole time during the tenure of his Fellowship to his programme of advanced study or research, and may not hold a position of emolument otherwise than in respect of a period of teaching at a University, except on such terms and conditions as the University Grants Committee may from time to time determine.

9. A Post-Doctoral Fellowship shall not be tenable with any other Fellowship, scholarship, or award except with the permission of the University Grants Committee. In granting permission as aforesaid the University Grants Committee may impose such conditions as it thinks fit, whether as to reduction in the emolument of the Post-Doctoral Fellowship or otherwise.

10. Every Fellow shall furnish to the University Grants Committee such reports (if any) as that Committee may require.

11. Payments of the Fellowship emolument shall be made to each Fellow, in such manner and on such conditions as the University Grants Committee may from time to time determine, at the rate of £1,000 a year during the tenure of his Fellowship.

12. The University Grants Committee may at any time suspend or terminate any Fellowship or require the forfeiture of such proportion of the Fellowship emolument as the said Committee may determine, if it is satisfied that

the Fellow is not diligently pursuing his programme of advanced study or research or has failed to comply with any of the terms and conditions on which the Fellowship was awarded; and a Fellowship shall be terminated and no further payments shall be made if a Fellow ceases to pursue the aforesaid programme.

13. The University Grants Committee may, if it thinks fit, relax or modify the application of any of these regulations in any special circumstances or in order to avoid hardship to any Fellow or candidate for a Fellowship.

14. (1) Every candidate for a Fellowship under regulation 4 of these regulations shall make application therefor on the form provided by the University Grants Committee, and shall attach to that form evidence of his eligibility to be awarded the degree of Doctor of Philosophy. Every such candidate shall forward his application to the University Grants Committee as soon as practicable after he has been notified that he is eligible to be awarded that degree; and every such application shall be forwarded through the Registrar of the University at which he is enrolled.

(2) Every candidate for a Fellowship under regulation 5 of these regulations shall make application therefor on the form provided by the University Grants Committee, and shall attach to that form evidence of his academic standing. Every such candidate who is enrolled at, or is a member of the staff of, a University in New Zealand shall forward his application to reach the Registrar of that University not later than the first day of October (or such other date as may be specified by that University) in the year of application. Every other candidate (including any candidate from any University or other institution not in New Zealand) shall forward his application to reach the office of the University Grants Committee not later than the aforesaid first day of October.

*UNIVERSITY GRANTS COMMITTEE**RESEARCH COMMITTEE GRANTS*

Since 1947 the Government has each year provided a grant to be used for promoting and maintaining research in the Universities of New Zealand.

The grant was originally £10,000, but was subsequently raised by stages to £25,000 in 1959 and following the Hughes Parry Report, to £65,000 in 1960 and £100,000 from 1961 onwards. In the quinquennium commencing 1 April 1965 the grant will increase from £150,000 in the first year to £250,000 in the fifth year ending 31 March 1970.

The Research Fund was until 1961 administered by a committee appointed by the Senate of the University of New Zealand. On 1 January 1962, this Committee was re-constituted as a sub-committee of the University Grants Committee as provided by the Universities Act 1961, No 54, sections 33-37.

Under this Act the Research Committee consists of

- (a) The Chairman of the University Grants Committee
- (b) The Director-General of the Department of Scientific and Industrial Research
- (c) Five University teachers appointed by the University Grants Committee after consultation with the Vice-Chancellors' Committee
- (d) Such other person or persons as the University Grants Committee may from time to time appoint.

Members are appointed for a term of three years and may be re-appointed. The five University teachers do not sit as representatives of their Universities.

The Committee has power to make its own regulations

but has not done so; it makes an annual report to the University Grants Committee which prints it and sends copies to each University Council.

At present (1966) the members of the Research Committee are:

Mr. A. J. Danks, Chairman, University Grants Committee—Chairman.

Dr L. J. Wild, formerly Pro-Chancellor, University of New Zealand and past Chairman of the Research Committee—Deputy Chairman (appointed by the University Grants Committee).

Dr W. M. Hamilton, Director-General, Department of Scientific and Industrial Research.

MEETINGS OF RESEARCH COMMITTEE

From 1965, the Committee will hold two meetings each year, in June and November.

PURPOSE OF GRANTS

Up to 1964, the Committee allocated approximately 20% of its Grant each year to the award of Research Fund Fellowships. From 1965 onwards, Research Fellowships will be brought under the Post-graduate and Post-doctoral Scholarships scheme of the University Grants Committee and will be no longer the concern of the Research Committee. The Research Fund will therefore be used wholly to finance research projects of members of University staffs.

APPLICATIONS FOR GRANTS

The Research Committee will consider applications from individual members or groups of members of *University staffs* for grants to be expended on the purchase or construction of equipment, for travel in New Zealand and overseas, for purchase of books, microfilms, etc.

Though the Committee has purposely refrained from tying its hands by the adoption of rules and regulations, there are certain principles it has observed when considering applications for grants, here set down:

(1) Grants are intended to promote or stimulate more intensive research within, or closely associated with, Universities in New Zealand but they should not be regarded as the sole means of providing for such research.

The fact that a University is prepared to make a contribution is substantial evidence that the project is worthy of support by the Research Committee: so is financial support that may be enlisted from any other responsible institution.

(2) The Committee is anxious to support new and well-qualified recruits to University staffs.

(3) The Committee assumes that the applicant and his University, before they submit the necessary formal application have assessed the additional costs (implied in the nature of the research) that they may have at any time to bear, should the application be granted.

(4) Normally the Committee will not make grants for the employment of technical or research assistants, or to pay for student help. Nor will it provide funds for the purchase of apparatus or equipment which is of a non-specialist nature, or of a type which should be available in any reasonably equipped University department (e.g. desk calculators, standard microscopes).

(5) The Committee will consider applications for assistance to purchase specialist motor vehicles, provided that the applications are accompanied by a statement from the University that arrangements will be made for the care and maintenance of the vehicle and that the University itself is prepared to contribute substantially to the purchase price.

(6) The Committee will consider applications for grants for travel and subsistence on the basis of actual fares by public transport, plus 15s. 0d. per day for field excursions, or 45s. 0d. per day where hotel costs will be incurred.

Where transport is by private car, a mileage allowance of 6d. per mile may be allowed if public transport is unsuitable or the use of a car is essential. If the journey is over a long distance, equivalent fares by public transport may be paid instead of a mileage allowance, for all or part of the journey. An applicant will not be allowed day-to-day maintenance costs whilst he is employed on, or adjacent to, his own University campus.

(7) The Committee will not make grants for costs of stationery, typing or publication of research material.

ACCEPTANCE OF GRANTS

A grant offered by the Research Committee is notified through the University Registrar to the successful applicant, who is required to sign a form of acceptance of the conditions of the award. The signed acceptance is held by

the Research Committee, which pays the grant moneys to the University Registrar. The Registrar makes disbursements on the authority of the grantee, and accounts to the Research Committee as at 31 December each year.

TERM OF GRANT

A research grant is made with the understanding that the amount will be expended within two years of the date on which a signed acceptance form is due at the office of the University Grants Committee. A grant, or any part of a grant, not expended within that period is to be refunded to the Research Committee. The grantee may apply to the Research Committee (as for a new grant) for an extension beyond the two-year period.

DISPOSAL OF EQUIPMENT, ETC.

Except where the Research Committee specifically 'tags' a grant, reserving to itself the right to decide disposal, all equipment, apparatus, books, etc., purchased from Research Grant funds vests immediately in the grantee's University, to be retained for his use for so long as he requires it, after which it becomes part of the University general equipment or library.

Such equipment may, at the discretion of the University, be transferred free of cost to any other University institution in New Zealand, but if it should go to a University outside New Zealand, a fair and reasonable charge should be made for it.

HOW TO APPLY

Printed forms of application for research grants are available from the Registrar of each University or Agricultural College. Since 13 copies are required in all, Xerox copies may be supplied, or the application may be cyclostyled using the printed application form as a guide. It

is suggested that the method of copying be discussed with the Registrar.

Applications (13 copies) should be forwarded to the Registrar for countersignature and transmission of 12 copies to the University Grants Committee, P.O. Box 8035, Wellington.

Applicants will help themselves and the Research Committee if they will

- (a) have applications typed (fountain pen ink will not reproduce in most copying processes);
- (b) answer all questions on the application form. Applications should be concise without being so concise as to be unintelligible;
- (c) restrict attachments or enclosures to essentials or supply 13 copies thereof;
- (d) clearly state the amount of the grant required (in whole pounds) and the principal heads under which it will be expended (e.g. purchase or construction of equipment, travel in New Zealand, overseas travel, purchase of books, microfilms, consumable stores);
- (e) consult with a member of the Research Committee before submitting an application.

TIMETABLE

Applications—Applications for consideration at any meeting must reach the office of the University Grants Committee by the following dates:

For the June meeting—30 April

For the November meeting—30 September.

Acceptances—An offer of a grant will lapse if an acceptance thereof is not received by the Research Committee by the following dates:

For June awards—31 August

For November awards—31 January.

GENERAL COMMENTS

1. Recipients of grants may correspond direct with the Research Committee, but correspondence should be either routed through, or copies supplied to, the Registrar. This will ensure that the grantee, the University and the Research Committee are fully informed and that the administration of the award is properly co-ordinated.

2. At present (1966) each University institution except Lincoln College has a staff member as a member of the Research Committee. Another member of the Committee, Dr L. J. Wild, formerly Chairman (1947-1961) of the Research Committee, and now its Deputy Chairman, visits each University at least once each year. Occasional visits are made by Sir Arthur Nevill, Dr Soper and Professor Packer.

Thus each grantee or intending applicant has the opportunity of discussing his project with a member of the Committee. He is strongly recommended to do so, and thus avoid possible misunderstanding and save time and correspondence.

3. When a University, or a staff member, wishes to apply to a *State Department* for a grant for a research project, the application must be channelled through the University Grants Committee.

4. *Reports.* No regular reports are required from grantees on the progress or completion of the project. The Committee may, however, at any time call for a report on the work undertaken with the aid of a grant.

Where work done with the support of a research grant is published, the publication should contain a reference to that support. One copy should be forwarded to the Research Committee, and another deposited in the library of the University institution of which the grantee is a member.

UNIVERSITY SENIOR SCHOLARSHIPS

1. On the recommendation of the Professorial Board, the Council may award University Senior Scholarships to persons taking the final examination for a first Bachelor's degree.

2. One Senior Scholarship in Science shall be called the Sir George Grey Scholarship. It shall be awarded by the Council on the recommendation of the Professorial Board and shall entitle its holder to an emolument of £10 per annum in addition to the emolument to which the holder is entitled under regulations 8 and 9. This regulation shall be effective from 1 January 1965.

3. No candidate shall be awarded a Senior Scholarship

in Arts or Science later than four years, in Commerce and Administration later than five years, in Law later than six years, and in the case of the conjoint B.A., LL.B. degrees later than seven years, after his matriculation. In special circumstances the Professorial Board may grant exemption from this requirement. Persons requesting such exemption shall apply to the Registrar by 1st October.

4. A scholar shall, during the tenure of the Senior Scholarship, pursue a course of study leading to

- (i) a Bachelor's degree with Honours, or
- (ii) a Master's degree with Honours, or
- (iii) a Bachelor's degree with Honours, followed by a Master's degree in the same subject, or
- (iv) a degree or other university qualification other than a Master's degree or Bachelor's degree with Honours, as may be approved by the Professorial Board.

Notwithstanding anything in this regulation, a scholar may, with the permission of the Professorial Board, follow a course of study leading to:

- (i) a Bachelor's degree with Honours followed by a Bachelor's degree with Honours or by a Master's degree in another subject; or
- (ii) a Master's degree followed by a Bachelor's degree with Honours or by a Master's degree.

5. During the tenure of the Senior Scholarship, the holder shall devote himself entirely to the prosecution of his studies, and shall be precluded a position of emolument except by permission of the Professorial Board. Up to six hours teaching per week in the University is permitted.

6. (i) Subject to sub-clause (ii) hereof, a Senior Scholarship shall be tenable for the period of full-time study required for the scholar's proposed course, with a

maximum of two years. The Head of the scholar's Department shall certify to the time required. The Scholarship shall be taken up in the first academic session after the award unless the Professorial Board approves a deferment.

(ii) In the case of a course approved under regulation 4 (iv), the Senior Scholarship shall be tenable for one year.

(iii) A Senior Scholarship shall be tenable at any university institution in New Zealand.

7. The award of a Senior Scholarship shall become void unless the scholar within four weeks of his receipt of the official advice of his award completes and returns to the Registrar a certificate setting out: (a) his acceptance of the scholarship; (b) his intention of fulfilling the conditions attached to the holding of the scholarship; (c) the period for which tenure is sought; and (d) the date on which he will take up his scholarship.

8. The value of each Senior Scholarship shall be £150 per annum, reducible £1 for £1 to the extent that any other scholarship, bursary or similar awards (exclusive of fees and boarding allowance), from public or private funds, are concurrently held in excess of £200. In no case, however, shall the value of the Senior Scholarship be less than £50 per annum. The Professorial Board may modify the £1 for £1 reduction in cases where it considers this would cause undue hardship.

9. A boarding allowance of £125 shall be paid to any scholar who is not in receipt of a boarding allowance under any other award, and who is obliged to live away from home in order to study at the university institution he judges to be most suitable, provided that the scholar's total emolument, including boarding allowance, shall not exceed £430. Where a scholar is in receipt of a boarding allowance of less than £125 under another award this may be supplemented to provide a total boarding allowance of

£125, or total emoluments of £430, whichever involves the smaller amount in supplementation.

10. Scholarship payments shall be made in equal instalments, one in each university term.

11. The Council may withhold or discontinue payments to a scholar, on the recommendation of the Professorial Board, if a scholar's progress is unsatisfactory or if he is not complying with the terms and conditions under which the scholarship is held.

12. A scholar may be granted such reasonable field expenses as the Scholarships Committee of the Professorial Board may approve on the recommendation of the Head of Department. Applications for such a grant shall be made to the Registrar by 30 April.

TARANAKI POSTGRADUATE SCHOLARSHIPS
TARANAKI POST-DOCTORAL FELLOWSHIPS

The Taranaki Scholarships Trust Board has made available Taranaki Postgraduate Scholarships and Taranaki Post-Doctoral Fellowships for award by the Board to any graduate of a university in New Zealand who, at the 31st day of December immediately preceding the date on which he matriculated as a member of a University in New Zealand, was qualified for the award of a Taranaki Scholarship (ordinary) by attendance or residence and enrolment under the provisions of paragraph (c) of section 12 of the Taranaki Scholarships Trust Board Act 1957, whether or not that graduate was a candidate (either successful or unsuccessful) for the award of a Taranaki Scholarship.

NOTE: Paragraph (c) of section 12 provides that "the (ordinary) Taranaki Scholarships shall be open to all candidates who have attended a school within the Provincial District of Taranaki for a period of not less than two years, or who have during such a period resided within that Provincial District and been enrolled as full-time pupils at a correspondence school established by the Minister of Education, if in the case of each candidate the attendance or residence and enrolment has continued to within six months of the date of the award".

Every candidate for a Taranaki Postgraduate Scholarship or Post-Doctoral Fellowship must show on his application form the name of the school he attended in Taranaki and the period of attendance.

The bylaws governing the Taranaki awards are otherwise almost identical with the regulations governing University Grants Committee Postgraduate Scholarships and Post-Doctoral Fellowships, including tenure and emoluments.

Candidates applying for the awards should use the University Grants Committee general application forms but state thereon their intention to apply for a Taranaki award.

Applications close with the Registrar on 1 October, from whom further information concerning the awards may be obtained.

HISTORICAL NOTE

VICTORIA UNIVERSITY OF WELLINGTON was established as an autonomous university in 1961 by the Victoria University of Wellington Act 1961. In 1957 by an amending Act Victoria University College, as it was formerly known, was reconstituted Victoria University of Wellington but the University continued to be a constituent institution of the University of New Zealand. Victoria University College, founded in 1897, was the last of the four constituent colleges of the University of New Zealand to be established. It thus completed, apart from special provision for agricultural teaching, and within thirty years of the foundation of the first college, the general structure of the country's institutions for university work. Otago University was founded by a provincial ordinance of 1869, and was followed by the University of New Zealand set up by the general Legislature under the New Zealand University Act of 1870. The intention of the Legislature was that the two universities should coalesce, but this proved impracticable, and it was not till after many negotiations that Otago University agreed to abandon its independent status and affiliate to a purely examining university. This University, planned on the model of the University of London, was provided for by a second act, the New Zealand University Act of 1874. To it were affiliated not only the University of Otago and Canterbury College (also founded and endowed by a provincial ordinance, in 1873) but a large number of secondary schools all over the Colony which were prepared to give instruction of university standard, undergo inspection by the University, and present candidates for its examinations. But all safeguards, such as inspection, broke down, and within a few years grave abuse of the system existed. Despite this situation, however, the University Senate thought both to maintain the standard of its degrees, and to secure universal respect

for them, by excluding university teachers from examining, except for University entrance, and before the end of the first decade had arranged for all other examinations to be carried on from Great Britain.

Discontent, however, was widespread over the Colony, not least among the professors of the two institutions of university rank. Driven by this discontent the Government, at the end of 1878, set up a Royal Commission to report upon the operations of the University and its relations with the secondary schools, 'and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes.' The Commission made its main report regarding the University in July 1879, supplying a draft Bill which incorporated its recommendations in the following year. It recommended that the system of affiliation as it then existed should be abolished, and that two further university colleges should be immediately set up, at Auckland and Wellington, with sites and buildings provided by the Government and endowment in land or money of £4,000 each per annum. It also recommended that the four resulting colleges should not be affiliated, but should form a federal University, the examinations of which should be conducted in the Colony, and ordinarily by the teachers of the University. 'Our desire is,' added the Commissioners, 'that each college may acquire a marked individuality, such as to demand recognition in the form of the examinations, and to secure for it a special reputation, which may at some future day be the foundation of its success as a separate and independent University.'

Unfortunately this report was made just at the outset of the great depression of the eighties, so that there were added to natural inertia what seemed to be sound economic reasons for doing nothing. Nevertheless a college was established in a small way at Auckland by the Auck-

land University College Act, 1882, and by 1887 the old system of affiliation of secondary schools had disappeared. It was made clear that only university colleges could henceforth be affiliated. But nothing was done for Wellington—though the need there was demonstrably as great as that in any other part of the colony—until in 1887 Sir Robert Stout, then Premier, introduced his 'Wellington University College Bill,' to found a college serving the Wellington, Hawke's Bay and Taranaki districts. This Bill handed over the Government departments of science and the Colonial Museum and their staffs to the new college, and made Sir James Hector, the Director of the Geological Survey, who was already Chancellor of the University, its Warden; £1,500 extra per annum was to be granted. It was Stout's hope that the Wellington college, being at the seat of government and of the Court of Appeal, might specialise in the teaching of law, political science, and history, as well as in some departments of science. The Bill passed the House of Representatives, but was shelved by the Legislative Council. A new ministry coming into office in 1888, the matter lapsed for seven more years, in spite of the constant urgings of the University Senate and Court of Convocation. In 1894 Stout again came forward with a 'Middle District of New Zealand University College Bill'—the Middle District now comprising not merely Wellington, Hawke's Bay and Taranaki, but Nelson, Marlborough and Westland as well. No provision could be made in a private member's bill for the expenditure of money, and though the Bill was finally passed and the Government even appointed certain members of a college council, no further step was taken. The only reserves ever set apart in the Middle District for the endowment of university education were in Taranaki.

The final step was taken by Mr Seddon, the Premier, on his return from the Diamond Jubilee celebrations. His

Victoria College Act, passed on 22 December 1897, founded the College 'in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria.' It was to be a liberal foundation, bringing university education within the reach of the working classes through direct contact with the primary schools; to ensure ultimate government control any land granted to the College was to remain vested in the Crown, and the table of College fees was subject to Crown approval. The relation of the College to the schools was fixed by the establishment of a system of 'Queen's Scholarships.' These scholarships were to be six in number, to be awarded to children of either sex under the age of 14 years on the results of an examination conducted by the College Council, which children were then to receive two years of secondary and three years of university instruction. The scholarships were payable out of the annual government grant to the College of £4,000; this grant, apart from the prospective income from a parcel of land of 4,000 acres reserved by the Act in the Nukumarū Survey District, and from fees—which were made exceptionally low—was the College's sole income. To add democratic to government control, the governing body of the College, the Council, was to consist of three members appointed by the Governor-in-Council, three elected by the members of the General Assembly resident in the University District, three elected by graduates of the College, either by examination or *ad eundem*, when their number reached thirty (until then by all graduates in the district with a British University degree), three by certificated school-teachers, three by Education Boards, and one by the Professorial Board of the College (no professor or lecturer being eligible for election). The first Chairman of the Council was Mr J. R. Blair (1898-9); he was followed by Sir Robert Stout (1900-01).

As an initial step, the Council decided to found four chairs, and the following professors were appointed: *Classics*, John Rankine Brown¹; *English Language and Literature*, Hugh Mackenzie²; *Chemistry and Physics*, Thomas Hill Easterfield³; and *Mathematics and Mathematical Physics*, Richard Cockburn Maclaurin⁴. The College was affiliated to the University in February 1899; early in that year the four professors arrived, and as soon as possible classes were organised and lectures begun. In the absence of a proper building the Council was offered by the Government the Premier's residence in Tinakori Road, then vacant; but this being thought unsuitable, arts classes were held in the Girls' High School, Pipitea Street, after school hours, and science classes in the Technical School in Victoria Street. The number of students in 1899 was 115, plus 9 exempted students.

On the basis thus laid the College as it exists at present was fairly steadily built up, though not without controversies and certain unhappy experiences. Additional chairs were founded from time to time, as follows: Modern Languages 1902, Biology 1903, Law (two chairs) 1906, Mental and Moral Philosophy 1907, Physics (separated from Chemistry) 1909, Economics (T. G. Macarthy Chair) 1920, Education 1920, History 1921, Geology 1921, Agriculture 1925-27, Political Science 1938; Social Science 1948. In 1945 Botany was separated from the Department of Biology and in 1947 a Chair of Botany was

established. In 1946 a Department of Music, in charge of a Senior Lecturer, was set up; and in the same year further provision was made within the Department of Geology for the teaching of Geography. In 1948 the Chair of Mental and Moral Philosophy was replaced by a Chair of Psychology, the Professor's departmental responsibility extending to Philosophy; and in 1950 the separation of Psychology and Philosophy was completed by the creation of a Chair of Philosophy. In 1951 a Department of Accountancy, headed by a Senior Lecturer, was created. Chiefly in the 1920's and later the separate departments were strengthened by the appointment of full-time, and in certain cases part-time, lecturers. In 1953 Geography was separated from Geology and a Chair of Geography was established. In 1957 a Chair of Music was established and Mr F. J. Page, Mus.B., until then Senior Lecturer in charge of the Department, was appointed to the Chair. In the same year a Department of Asian Studies, now the Asian Studies Centre, was set up.

In 1961 five new Chairs were established, in Accountancy, Business Administration, English Language, Theoretical Chemistry, and Applied Mathematics. In 1962 a second Chair in the Department of English and New Zealand Law was established. In 1963 the Departments of Accountancy, Economics and Psychology were strengthened by the provision of further Chairs, and new Chairs were established in Anthropology, Biochemistry, and German. A Chair of Theoretical Physics was established in 1964, and a further Chair in Education in 1965.

The constitution of the governing body of the College was amended in 1914, and again in 1933, when it was provided that one of the representatives of the Professorial Board was to be the first Principal, whenever appointed. Student representation on the Council was provided for

in 1938, by a section of the Statutes Amendment Act, which added a member to be appointed by the Executive of the Students' Association. By this Act, also, the Council was freed from the necessity of having its by-laws approved by the Governor-General.

In 1946 a section of the Statutes Amendment Act made provision for a full-time Principal. In 1947 The Victoria University College Amendment Act provided for an increase from one to two in the number of members of the Council appointed by the Professorial Board and for another member of the Council to be elected by the Teaching Staff.

The amending legislation of 1957 and the Act of 1961 reconstituting the University as an autonomous University are of special importance as being a public recognition of the great developments which have taken place in the College since its foundation in 1899. These developments have been particularly striking during the years following World War II.

THE BUILDINGS

For some time after the passing of the Victoria College Act there was considerable argument over the provision of a site for a College building, which was terminated, not entirely to the satisfaction of well-wishers of the new institution, by the passing of an act (the Victoria College Site &c. Act) in 1901, which empowered the Council to acquire part of a town reserve on Salamanca Road—six acres of hill, carrying with it a magnificent view and the certainty of great expense in development. The Government made a grant of £31,000 towards the cost of building and the first portion of the present structure, designed by Messrs Penty & Blake, was opened on 30 March 1906 by Lord Plunket, then Governor of the Colony. A further portion, forming a wing at the rear of the Arts (Hunter) Building, was completed in March 1910. In 1919 the Gov-

ernment made a grant for the north wing, thus providing new and much-needed accommodation for the Library, as well as additional class-rooms, a Women's Common Room and a Tea Room. Into the wall of this wing, just outside the entrance, was built a stone for a memorial for those students of the College who had died in the Great War. They are also commemorated by the stained glass window and brasses in the Library, which were unveiled as part of the Silver Jubilee celebrations of 1924. The south wing was provided for by another Government grant made in 1921, to provide further accommodation for the science departments. This completed the buildings until the erection of the new Administration (Robert Stout) and Biology (Kirk) Blocks in 1937-9, also paid for by the Government through a grant of about £50,000; these last portions were designed by Messrs W. Gray Young and Francis H. Swan. The wooden gymnasium was built by public subscription in 1909, the tennis courts below being excavated by the students themselves in 1905.

In 1951 and in later years the Government provided funds for the purchase of house properties in Kelburn Parade, thus easing urgent accommodation needs.

At the end of 1953 the Government approved of a grant for a third storey to the Biology Block. This additional storey was completed in 1954. The greater part of this new accommodation was in effect a replacement of five temporary huts which had to be demolished to enable further building operations to proceed.

Early in 1955 the Government approved the College's letting a contract for the erection of a six storey building to house certain of the Science departments and for general purposes. This building (the Easterfield Building) was completed in the course of 1958.

In 1958 a contract was let and work begun on the Student Union Building. This building, which was offi-

cially opened in 1961, is the centre of student activity and contains common rooms, a dining room, a Little Theatre, the Students' Association offices and recreational rooms. A new gymnasium forms part of the Student Union project. The Union Building has been erected on the site of the original tennis courts and new courts, together with a new pavilion, have been provided on City Council land opposite.

In July 1958 the Government authorised the University to proceed with the planning of the Arts and Library (Rankine Brown) Building and the extension and alteration of the Administration Building. Work on the latter building was completed in 1961. The Rankine Brown Building was completed in 1965 and officially opened by the Prime Minister in 1966.

The programme of building development provides next for an extension of the Kirk Building, and the construction of a new building for the Departments of Physics, Geography and Geology.

FINANCE

The College has virtually no endowment in land, and none in money that is available for general purposes. The benefit of revenues derived from the Opaku Reserve in Taranaki, to which it has laid claim, was by the Taranaki Scholarships Act, 1905, confined to the youth of Taranaki, who may be granted 'Taranaki Scholarships' on the results of the University Entrance Scholarship examination. Nearly all university activity in the Victoria University District therefore has depended and depends on Government finance, either through statutory grants or grants for special purposes. The early Queen's Scholarships crippled the College financially in its first years: an amending act of 1903 provided for six Junior and four Senior Scholarships of this type, but in 1906 the College was relieved of their payment, and in 1907, by an amending act to the

Education Act, they were abolished. £4,000 per annum was obviously not enough for the administration of a university college, even if it had not been expanding, as this one was, and in 1905 an additional annual grant of £2,000 was instituted, for 'specialisation in Law and Science'—though, in reality, such specialisation does not seem to have been expected. A further increase of £3,000 was made in 1914 by the New Zealand University Amendment Act of that year, which readjusted the finances of all the colleges, plus a share of the 'National Endowment' amounting to upwards of £1,900. This Act consolidated all the grants apart from that from the National Endowment into a single annual grant of £9,000, which was again increased (from 1 April 1920) by the New Zealand University Amendment Act, 1919, by £2,500—of which £850 was a special grant for a chair of Education. A short act amending the College Act in 1923 gave the Council power to levy its own class fees without the previous approval of the Governor-in-Council. Still another University Amendment Act, in 1928, increased the statutory grant, apart from the special Education grant, to £11,750. From this point the grant receded, as the Government instituted economies in the Depression; in 1931 it was reduced to £9,431 18s., and the grant for the chair of Education was withdrawn; in 1932 it became £7,350 and was made no longer statutory, but subject to annual vote. In 1934 it was increased to £7,800, in 1935 to £10,145 and later £12,166, and in 1936 to £14,320. In 1938, as the result of discussion on the relation of the University to the Public Service, the Government decided to make a new annual grant of £2,000*, to found a Department of Political Science and Public Administration, thus in some sort fulfilling the wish expressed by Sir Robert Stout as long ago as 1886. In recent years consequent on representations

* Since increased.

made to the Minister by the Conference of University Colleges and the University of New Zealand substantial increases have been made to the annual grant for general purposes. In 1948 a University Grants Committee was set up by the N.Z. University and a system of Block Grants to the University Colleges was introduced for general purposes, covering a five year period. This system has now been continued for a further period.

In 1948 the Government agreed to establish a School of Social Science and made a grant for the Professor's salary. The Council appointed Mr D. C. Marsh, M.Com. (Birmingham) as the first Professor in charge of the school.

One partly endowed chair exists, the T. G. Macarthy Chair of Economics, which owes its origin to a grant of £10,000 made by the Trustees of the late T. G. Macarthy in 1915 ; owing to delay caused by the War, the chair was not actually founded till 1920. A chair of Agriculture was endowed by a gift of £10,000 from Sir Walter Buchanan in 1923, and filled in 1925. Auckland University College, however, had almost simultaneously founded a School of Agriculture, and both Colleges agreeing to join in founding the Massey Agricultural College at Palmerston North in 1927, the income derived from the Buchanan Trust funds was thenceforth made over to the new College, to which the chair was also transferred. The sum of £10,000 was also, in 1915, left to the College under the will of Sarah Anne Rhodes, to provide for the education of women ; in 1921 the Council arranged with the Trustees to devote the income to the fostering of Home Science, through the institution of a Sarah Anne Rhodes Fellowship or Scholarship; in 1930 the regulations were altered to provide for a Travelling Fellow and/or a Lecturing Fellow. Monetary gifts and benefactions have provided a number of other scholarships of varying value, for both men and women students. Between 1933 and 1937 the

Carnegie Corporation of New York made generous allocations to the Library, in money or in kind, of \$32,500. Mr L. O. H. Tripp, who died in 1957, and who has been a friend of the University from its earliest days, bequeathed to it the sum of £5,000. The greatest benefaction ever received by the College was the £77,500 left by Mr William Weir in 1926, to provide a hostel for men students.

HOSTELS

Great need for hostels had always been felt, both as an aid to the corporate life of students and as a solution to the problem of getting adequate board and lodging in Wellington, and as a Government subsidy was by statute payable on voluntary contributions to the University or its Colleges, the Weir Bequest seemed of even greater value than it actually was. Plans were therefore drawn up on a large scale by Messrs W. Gray Young and Francis H. Swan for a building on a good site near the College. A University Amendment Act of 1928, however, limited the Government subsidy on any bequest to a maximum of £25,000, and with the coming of the depression the Government refused to pay any subsidy at all. This caused substantial modifications of the plans, even after the foundations had been laid, and the completion of the structure had to be indefinitely postponed. Weir House was opened by the Governor-General, Lord Bledisloe, on 6 March 1933. It accommodates 97 students. The first Warden was Dr I. A. Henning ; and the first Matron, Miss I. K. Irvine.

In 1964 the Government announced a grant of £185,000 from Colombo Plan Funds for first stage extensions to Weir House. The total number of new places will be 89, and of them 55 will be reserved for Colombo Plan students.

No similar large-scale provision for women students

has yet been attainable. The generosity of the Society of Friends in 1915 provided a specially-built hostel for Training College students, where those who were students of both institutions could find accommodation; but when the Training College was closed during the depression this hostel was also closed. A valuable beginning was made in 1909 by the Women Students' Hostel Society, which, though not officially connected with nor under the control of the University, has carried on since that date Victoria House, 282 The Terrace, with accommodation for 38 students. This Society in 1938 acquired a second house, 216 The Terrace, which is similarly maintained, accommodating 16 students. In 1955 the House at 282 The Terrace was extensively altered to accommodate a total of 50 students. In 1965 the Society resolved that the House at 216 The Terrace be sold and that all its Hostel accommodation be concentrated in the one area, namely, the vicinity of 282 The Terrace. Other properties have been acquired and the kitchen and dining-room facilities at the main Hostel are being upgraded to accommodate the increased numbers. Thus, in 1966, the Society will be providing accommodation for 78 students. Another hostel, not officially connected with the College, has been established at 31 Messines Rd. under the auspices of the Student Christian Movement and this hostel accommodates thirty women students. There exists still, however, a considerable problem, which urgently needs solution.

GENERAL DEVELOPMENT

In spite of the terms of the original Victoria College Act, 1897, and in spite of the fact, also, that its full-time students were always in a small minority, the College from the first built up a fairly vigorous and independent corporate life. Its independence and vitality were shown in the University Reform movement of 1908-14, of which professors of the College were among the leaders, sup-

ported strongly by their own students. So far as the College was concerned, this resulted in certain changes in the constitution of the Council, giving the professors direct representation thereon (the Victoria College Amendment Act, 1914), and in larger Government grants (the New Zealand University Amendment Act, 1914). Strong, though unsuccessful, resistance also was shown to the public outcry for the victimisation of a professor of German blood in 1915; in the War 620 students and old students served with the Forces, and 150 sacrificed their lives. During and after the War the movement for University reform was carried on, both by the Board of Studies set up by the University Amendment Act, 1914, and by University teachers, mainly of Victoria and Canterbury Colleges. This movement centred round the demand for the reform of the examining system by the abolition of examinations conducted from abroad, as recommended by the Royal Commission of 1879; round the distribution of 'special schools,' in which this College was not directly interested to any great extent; and round the later demand for the creation of four separate universities. The upshot was the second Royal Commission on the University, which reported in 1925 in favour of the creation of a federal system as a transitional measure of indeterminate duration. Such a system was established, very imperfectly, by the New Zealand University Amendment Act, 1926, and succeeding Acts; under the 1926 Act the College became in status a constituent college of a federal, and no longer merely an affiliated college of an examining, University. Its internal administration was made more rational by the appointment in 1938 of a Principal, provided for by the consolidated Victoria University College Act, 1933, but postponed pending the College's emergence from the period of straitened finance. Professor T. A. Hunter became the first Principal. Palmerston North Uni-

versity College, established in 1960 as a branch of the Victoria University of Wellington, merged in 1963 with Massey College to form the Massey University College of Manawatu. This College in January, 1964 achieved full autonomy as the Massey University of Manawatu.

Student organisation, and student thought on the problems of the College and the University, are practically coeval with the College. The 'Victoria College Students' Society' was founded on 6 May 1899 at a meeting held at the Girls' High School. A new constitution was passed in 1903 and the name of the Society altered to 'Students' Association'. It was the Association which in this year moved for the acquisition of a coat-of-arms for the College; it raised money vigorously towards the cost of the College buildings, and in other ways played a great part in the critical formative years of the corporate body. *The Spike, or Victoria University College Review*, was first published in 1902. *The Old Clay Patch*, a collection of verse by students, appeared in 1910, and a second edition in 1920. The Debating Society was founded in 1899, and round the central association rapidly grew most of the College clubs now in existence.

In 1949 the College celebrated its Jubilee. A Committee successfully appealed for funds amounting to £35,000 for a Student Union Building, towards the cost of which the Government provided a liberal subsidy.

The following volumes were published:

Victoria University College by J. C. Beaglehole.

The Old Clay Patch (Third Edition). Edited by a Committee.

The Spike: Golden Jubilee Number. Edited by R. W. Burchfield.

Some years ago it was suggested that the College could not be developed on the present site; but after full investigation the Council decided that it would be in the best

interests of higher education for the College to remain in Wellington if the site could be extended. In 1949 a satisfactory agreement was reached between the City Council and the Government with regard to exchange of Crown Land for part of the Town Belt and legislation was passed, whereby under the Reserves & Other Lands Disposal Act, 1949, an area of 13 acres of the Wellington Town Belt immediately adjoining the Victoria University College site was transferred to the College.

One of the great landmarks in the University's history was the Government approval, in 1964, of a development plan which will increase the area of land available to the University from a present total of a little more than 20 acres to a total of approximately 130 acres. Portion of the area consists of broken country and it is estimated that by earthmoving operations a useable site of approximately 100 acres can be provided.

In 1954 a grant of £3,500 was made by the Government to assist in the development of Te Aro Park as a University playing field, since named Boyd-Wilson Field.

ADULT EDUCATION

Adult Education has been provided for, to the best of the College's ability, since 1915, when the Workers' Educational Association, then at the outset of its work in New Zealand, established three tutorial classes in Wellington. The movement grew on lines rather different from the English model, being limited by inadequate financial resources (its main recourse, in spite of support from public bodies, being to Government grants) and the consequential small extent to which it could employ tutors for the wide country districts, both in the North and in the South Island (Nelson and Marlborough). It has therefore had to work in the country largely by means of 'box courses', and 'discussion courses' carried on by post, a tutor-organiser covering what ground he could. In 1932 the Government grant was withdrawn altogether, and though in 1934 the movement was saved by a tapering grant from the Carnegie Corporation, the Association could no longer maintain a full-time tutor-organiser. With the return of the Government grant in 1936 it was possible to extend the work once more, and first one tutor-organiser for country work was appointed in 1936, and then a second in 1938. Two additional grants were made by the Government in 1937, one specifically for tutorial work in Public Works Camps. Meanwhile other agencies for adult educa-

tion had come into being, and it was felt that some co-ordination of effort and expenditure was necessary. At the request of the Minister of Education, the Hon. P. Fraser, a committee was set up by the University Senate to go into the matter, and as a result of its report there was formed in 1938 a Council of Adult Education, through the agency of which it was intended to put the work of the W.E.A., among other organisations, on a new and much more satisfactory basis all over the country.

In 1945 the Council of Adult Education set up a Consultative Committee, which published its report on the problems of Adult Education in 1947. As one result the Adult Education Act, 1947, was passed, setting up a National Council of Adult Education with much wider powers, and four Regional Councils connected with the constituent colleges of the University. A new Adult Education Act passed in 1963 reconstitutes the National Council. The provisions of the 1947 Act with respect to Regional Councils are repealed and not replaced; the University has established its own Department of Adult Education, the Director being advised by a Council widely representative of interested organisations. In recent years the class and seminar programmes of the department have become more closely related to University disciplines. For this reason the name of the department was changed in 1966 to the Department of University Extension.

HUNTER BUILDING

The Arts building, the oldest part of the University fabric, is named after Sir Thomas Hunter, first professor of philosophy and psychology. Thomas Alexander Hunter was born in London in 1876 and spent his boyhood in Dunedin; at the University of Otago he took a senior scholarship and a first in mental and moral philosophy. After ten years' school-teaching he was appointed, in 1904,

to Victoria University College as lecturer in mental science and political economy; became professor of philosophy and economics in 1907, and in 1909 of philosophy and psychology, which chair he retained until 1947. From 1938 he was the first Principal, and from 1948 to 1951 the first full-time Principal of the College. In 1939 he was created K.B.E.; in 1946 was made by his colleagues the recipient of a *festschrift*, the first person so honoured in New Zealand. It is impossible in a short space to detail Hunter's services to the College, or to overestimate their value, or the value of his influence for almost fifty years in its life. Free, independent, and courageous of thought, of great acuteness and fertility of mind, he was for very many people, both students and public, its very essence. In general university and educational life his work was also of great importance: he was a leader of the university reform movement from 1910, a member of the University Senate from 1912 to 1950, Vice-Chancellor of the University of New Zealand 1929-47. He was a leader in adult education, a leader in the organisation of agricultural education and of educational research. No man, in fact, ever did more for education in New Zealand. Hunter died, after a short retirement, in 1953.

ROBERT STOUT BUILDING

The Administration building is named after Sir Robert Stout (1844-1930), one of the great figures in New Zealand political and legal history, and the virtual founder of this University. Stout was a Shetland Islander who came to seek his fortune in Otago in 1864, went on from school-teaching to law, in which he had a shining career as an advocate, and had a long though broken career in politics as a liberal leader. He was Premier 1884-7; K.C.M.G. 1886; Chief Justice 1899-1926. His two life-long advocacies were temperance and education. He had much to do with

University administration in both Otago and Wellington. He taught law in Otago, was a member of the Senate of the University of New Zealand from 1884, and Chancellor 1903-23. In 1887 he first brought a bill into parliament for establishing a Wellington university college. This was defeated. His enthusiasm did not cease; he introduced and got passed a second bill in 1894. But this, as a private member's bill, could not provide the necessary finance, and in spite of desperate prodding, no government move was made till 1897, when the Victoria College Act was passed. Stout was a member of the Council 1898-1915, 1918-23, and its chairman 1900-01 and 1905. As Chancellor of the University he led the opposition to the early reform movement, but had always the highest standard of learning, both liberal and professional, close to his expansive and benevolent heart.

KIRK BUILDING

The Biology building is named after Harry Borrer Kirk (died 1948), first professor of biology, 1903-44. Kirk was the son of a distinguished botanist; his early adult life was spent in the backblocks, as an inspector of Maori schools, close to New Zealand in its natural and primitive state; and in spite of his brilliance as a student and his wide experience, there was some alarm at his appointment. Of this his life as a teacher was a triumphant vindication. Taking all biology for his province, and devoting himself quite selflessly to his students, he could never build up a great reputation as an original scientist; his contributions to his subject were none the less considerable, and those of his students form a lengthy and distinguished list. What made Kirk a great force in teaching, however, and a great force in the College, was not his erudition, or his long hours of work, so much as his native and unstrained character. To a great knowledge of man-

kind he added an unconventionality and sweetness of mind, a humour, generosity and delicacy that brought him the love of many generations of students, from many departments besides his own, as of his colleagues of whatever interest or age. His wisdom was more than gold. He is commemorated by a bronze portrait plaque and inscription, unveiled before his retirement, in the building named after him.

EASTERFIELD BUILDING

This building is named after Thomas Hill Easterfield (1866-1949), the foundation professor of chemistry and physics. Easterfield was a Yorkshireman, educated at Leeds, Cambridge, Zürich and Würzburg; before coming to New Zealand in 1899 he had lectured for the university extension movement and taught at the Perse School. Buoyant in mind, but swift and persistent, a master of lecturing-technique, he was the first of our teachers to express his distrust of lecturing, and to proclaim the necessity of research, in which he had himself been trained; and his chemical laboratory in Victoria Street was thus the first scene of practical experiment in the College's history. With Hunter and Kirk, he was vehement for university reform: as with them, there was no room in his mind for cant. In the first twenty years of the College he taught some extremely able students, and he was a born builder of a department. By the end of that time, his interests had turned increasingly to the organisation of research, he felt he had given the institution all he had to give, and he seized the opportunity to become first director of the Cawthron Institute, where his term of office, from 1920 to 1933, was of great importance in scientific research in New Zealand. The College, not ungrateful for his work, had made him its first emeritus professor, and in 1938 he was created K.B.E.

RANKINE BROWN BUILDING

The Arts and Library Building is named after John Rankine Brown, foundation professor of classics—who was also the College's first teacher of French. John Rankine Brown (1861-1947) was a Scotsman, the son of the tailor to St Andrews University, and in the traditional Scots democratic way he took heartily to education, leaving St Andrews with a distinguished master's degree for further distinction at Oxford. From 1886 he taught at Glasgow, becoming in 1896 senior university lecturer in Latin, a well-known and first-rate teacher. At Victoria he taught for forty-six years, shy, cautious, kind, broadening his own concept of a classical education, and bringing the ancient Greeks alive for students who never guessed they were anything more than ancient. He had a part in College administration all through his life; was a member of the University Senate for twenty-seven years, and Vice-Chancellor 1923-27. He retired from his chair in 1945, was made emeritus professor and K.B.E. in 1946, and died in the following year.

BOYD-WILSON FIELD

The Boyd-Wilson Field is named after Edwin John Boyd-Wilson, professor of modern languages from 1920 to 1954. A man of super-abounding energy and enthusiasms, a distinguished footballer at Canterbury University College, whence he went to Cambridge, Boyd-Wilson was not merely a good teacher and a good colleague, but a person devoted to a wide variety of outdoor pursuits. Like Nimrod a mighty hunter, he was also the founder of the Tramping Club, and for very many years one of the chief props and stays of the Football Club, as well as a member of the management committee of the Wellington Rugby Football Union from 1927 to 1945. When the university athletic field was in contemplation he gave to it early and

most generous support. His friendships were multifarious, especially with students, his tolerance great, his hospitality unceasing, his kind-heartedness like his energy overflowing. On his retirement he joined the band of emeritus professors, having already been made by the Government of France *officier de l'Académie Française*.
